

Sen. Taft Seems To Hold Edge In GOP Tussle

CHICAGO — (P) — Taft forces knocked 14 Georgia delegates from Gen. Dwight D. Eisenhower's voting strength today and put 17 of their own men into nominating convention seats.

This was by far the greatest victory for Senator Robert A. Taft, and the biggest defeat for Eisenhower, in this week's battle over organization of next week's national convention.

Running The Show
It established beyond any doubt that Taft at the moment is running the show—with five more delegates between Taft and Eisenhower delegates to come.

By a vote of 62 to 39, the Republican national committee tossed out the convention Georgia's self-described "regular" delegation, which has been representing the state since 1944, and ordered a solidly pro-Taft delegation seated in its stead.

The "regular" delegation numbered 14 Eisenhower supporters, two Taft men and one uncommitted delegate.

This meant a net gain of at least 15 convention votes for Taft, figuring he already had two in the delegation thrown out and now gets 17 from the successful delegation.

Called Political Trickery
In the Associated Press tabulation—based on avowed and conceded delegate votes—the victory put Taft ahead of Eisenhower, 489 to 410, with 604 votes needed to win the presidential nomination.

There was no doubt the angered Eisenhower backers would appeal today's national committee action to the convention credentials committee and fight it out on the convention floor.

Tangled Truce Talks Recessed

By SAM SUMMERLIN
MUNSAN, Korea — (P) — The stalled Korean armistice talks are in recess for 24 hours at Communist request. The Reds gave no reason for asking cancellation of today's session, but the U. N. Command immediately agreed.

The recess came just one day after Maj. Gen. William K. Harrison Jr., painstakingly reviewed the April 28 Allied plan for exchanging war prisoners and suggested that it offers the Communists a face-saving way to end the long stalemate.

In effect, the chief U. N. truce negotiator told the Reds the Allies would erase from their prisoner lists about 100,000 captives who say they will resist repatriation.

This would leave 70,000 to 80,000 Reds to be returned when an armistice is signed.

Harrison suggested that the U. N. plan would meet Communist specifications since war prisoners who refuse repatriation would be given some other classification and removed from the official roster.

The Reds then would get back what they have demanded—all of the war prisoners in Allied hands.

Bandit Sentenced

KALAMAZOO — (P) — Rufus B. Miller, 33, of Hazard, Ky., was sentenced in Circuit Court Tuesday to 10-20 years in prison for holding up three beer stores in April with a toy pistol. The robberies netted him \$890.

Lag In Foreign Aid Helps To Cut Down U. S. Budget Deficit

By CHARLES MOLONY

WASHINGTON — (P) — A \$2,400,000 lag in foreign aid outlays helped hold the U. S. budget deficit for fiscal 1952 to \$4,016,640,378.10—less than half of President Truman's January forecast.

Analysis of year-end figures announced by the treasury late yesterday showed spending on military and economic aid for other countries in the mutual security program came to only 4½ billion of a budgeted \$6,900,000,000.

Veterans Benefits Drop
Outlays for the U. S. military services ran almost 900 million short of the budgeted 39 billion, making the second biggest contribution toward holding total spending \$4,700,000,000 below the President's estimate of last January.

Mamie And Ike Wed 36 Years

DENVER — (P) — The Eisenhowers—Dwight and Mamie—took time off from the political merry-go-round yesterday to celebrate their 36th wedding anniversary.

A quiet dinner at the home of Mrs. Eisenhower's mother, Mrs. John S. Doud, highlighted the celebration. It was the home in which they were married on the day that Eisenhower first got his first lieutenant's bars.

There is little on the generals' schedule today.

Meanwhile, his headquarters at the Brown Palace Hotel was in the throes of moving-day problems as his staff prepared for the move to the front-line political battle zone in Chicago.

Eisenhower and his wife, the general's staff, some convention delegates and other supporters will board a "Victory Special" train at the Denver Union Station at 8:30 a. m. (EST) for the journey to the Windy City and the GOP National convention.

The train is scheduled to arrive at the Chicago and Northwestern Railroad Station at Chicago about noon Saturday (EST).

Allied Raiders Mop Up Chinese

SEOUL, Korea — (P) — A powerful Allied raiding column knifed into Communist territory in Western Korea Tuesday and virtually wiped out a Chinese company before pulling back, the U. S. Eighth Army announced today.

Of 320 Reds defending a hill northwest of Yonchon, an estimated 257 were killed or wounded in a five-hour battle, the Army said.

U. N. headquarters in Tokyo said the raiding force was of battalion strength, 750 to 1,000 men.

Part of the Allied column hit the Communist defenses, while a second unit was stationed in blocking position just north of the hill. Three Red platoons rushed forward to reinforce beleaguered hill defenders but were beaten back by the blocking force, the Army said.

The Eighth Army said the Communists suffered 11,316 casualties in June—the heaviest toll in five months.

Low clouds grounded U. N. fighter-bombers and jet fighters Wednesday, but propeller-driven B-26 bombers pounded Communist troop positions along the 155-mile battlefield.

Philippine Islands Battered By Typhoon

MANILA — (P) — Full fury of a 115 mile an hour typhoon swept into the South Central Philippines today.

The Northeast Mindanao coast was lashed by heavy winds. South Leyte was virtually paralyzed.

The Manila weather bureau said at 5 p. m. (4 a. m. EST) the typhoon center was 80 miles southeast of Cebu City, on Cebu, and forecast that the storm would be about 80 miles south of Iloilo City, Panay Island, by 2 a. m. tomorrow.

Winds of 55 miles an hour were estimated within a 60 mile radius of the storm center.

Philippine Air Lines cancelled all flights from Manila to the Visayan Islands and Mindanao. Aircraft in the Visayas are being evacuated south of the threatened zone.

There were scattered other factors in the government's improved financial picture: Veteran's benefits cost 300 million less than the budgeted \$5,200,000,000; interest payments on the federal debt ran 100 million less than the six billion budgeted.

Government costs in all came to \$66,100,000,000 for the 12 months ended June 30. Although federal spending did not reach the heights predicted by Truman, it jumped 50 per cent above fiscal 1951 and topped all previous years in which there was no full-scale war.

Tax Revenue Shrinks

Tax receipts would have cut the deficit still lower had they lived up to presidential expectations. As it was, they totaled \$62,100,000,000, or 551 million short of Truman's forecast. Income tax receipts were 600 million below his estimate.

The tax collection was huge, however, by every other standard—20 billion dollars above the World War Two peak and 29 per cent above fiscal 1951, due to increased rates and new levies.

The better-than-expected outcome of fiscal 1952 promised to make it easier for the government to bear the heavier deficit anticipated for fiscal 1953, which began yesterday.

House Inquiry Finds Russians Guilty In Massacre Of 15,000

By RUSSELL BRINES

WASHINGTON — (P) — A Congressional report today officially charges Russia with killing 15,000 Polish officers 12 years ago on a pattern duplicated by the Reds in Korea.

This, said Rep. O'Konski (R-Wis.), was the unanimous verdict of a special House committee which heard 150 witnesses in this country and Europe while probing the 1940 Polish massacre in Katyn forest, near Smolensk, Russia.

Witness Wears Mask

The report was prepared for presentation to the House today or tomorrow. It may include specific recommendations considered by the committee for "appropriate action" against the Russians by the United Nations assembly and the World Court and for international investigation of any other Soviet atrocities.

The Polish officers disappeared in 1940 from Russian prison camps. Three years later German authorities discovered crude graves at Katyn forest from which 4,258 bodies were exhumed.

The Nazis immediately claimed the Russians were responsible. Moscow replied that the Germans had killed the Poles after capturing the Smolensk area.

O'Konski said all of the committee's evidence confirmed Russian guilt. Witnesses included a former Polish soldier who appeared in a mask, to hide his identity, and who testified he saw some of the shootings.

Same Technique Used

The Polish officers had their hands tied in a distinctive manner behind their backs and most of them were shot in the head, O'Konski said this technique has been used against Americans in Korea.

Tornado Lifts House, Kills Dakota Farmer

WING, N. D. — (P) — Louis Olson, 70, nearby farmer, was killed last night when a tornado lifted his house from the foundation and dropped it 200 feet away, upside down and a mass of splintered wreckage.

The twister flattened buildings on a score of farms and tore out power and telephone lines. The storm cut a five mile wide swath for an estimated 40 miles. Tuttle, 15 miles north of here, was also hit.

The swirling black cloud hit at the supper hour. State police said only the fact that it was visible at long distance over the prairies prevented a heavier casualty toll. Wing is 50 miles northeast of Bismarck.

Weddings Slump

KALAMAZOO — (P) — This may be leap year but you would never guess it from a look at the records in the county clerk's office. The records show that 134 marriage licenses were issued in June this year compared with 163 last year.

Sightseeing Americans Seized By Soviet Police

CHERRY QUEEN — Ruth Madonna Belanger, 18, of Lake Leelanau, Michigan, will reign as queen of the 1952 National Cherry Festival, which begins on July 9. Queen Blanger won the title in competition with 17 other northern Michigan girls.

Four Tourists Whisked Away To Red Berlin

BERLIN — (P) — Communist police arrested three American clergymen and a German girl today and forced them into the Soviet zone of Germany at gunpoint.

The U. S. Army demanded their immediate release, but they were still in custody at nightfall.

Just Arrived

U. S. Army liaison officers said the three men are Catholic priests from the Frankfurt office of Catholic Relief Agencies Operation in Germany. They are Martin Borowski, George Gorski and Bronislaus Sokolowski, who arrived in Berlin only this morning.

The girl was identified as Miss Katherine Wintzler, an employee here of the National Catholic Welfare Conference.

Forced Across Border

West German police and eyewitnesses gave this account:

The Americans were sightseeing in Zehlendorf, a residential district in the western sector of Berlin. The district borders the Soviet occupation zone of Germany.

The Americans had stopped their car at the border and were taking photographs. A Russian officer and several East Zone "People's Police," armed with carbines, rushed up to the car.

The police entered the car and forced it across the border. The Americans were held for about 20 minutes at the Soviet check point on the border, then were taken to the Soviet military post at nearby Machnow.

Marked By Spikes

The car had American license plates. These are registered in Western Germany and not in Berlin. This indicated the four were visitors to the city and possibly not familiar with the border situation.

The west police said that at the spot where the incident occurred the boundary between the American sector and the surrounding Soviet Zone is marked by iron spikes in the road. They said the Americans drove past these right up to the red and white barrier pole across the road at the Russian check point.

September Draft To Call 30,000

WASHINGTON — (P) — The Army today called for 30,000 draftees in September. It said it would need 54,000 more men a month for the final three months of the year.

The Army's September call is about the same as it was for the preceding two months.

It called for 29,000 men in August and 31,000 in July.

The projected draft of 54,000 men in October, November and December would be higher than any since March 1951.

In that month—nearly a year and a half ago—80,000 men were drafted, all for the Army.

The announced quota for September brings to 1,013,430 the total number of men drafted since selective service resumed operation in September in 1950.

Truman Tangles Up Price Controls, Then Blames It On Congress, Senators Say

By G. MILTON KELLY

WASHINGTON — (P) — The scolding President Truman aimed at Congress yesterday for easing price controls drew some hot retorts today from Capitol Hill.

"The President himself let prices go haywire," snapped Sen. Ellender (D-La.), "and he's trying to shift the blame to Congress."

Sen. Dirksen (R-Ill.), a critic of the administration's controls program, fired back: "The most permanent, built-in inflationary factor in the entire economy today is the administration's astronomical spending program, sponsored by the President himself."

"Mr. Truman is still on the wrong track," said Sen. Bricker (R-Ohio). Bricker said economy and tighter credit control are better answers.

The senators' outbursts followed a statement by the President that "Congress has opened a dangerous gap in the mobilization program" by its actions on controls. Truman said the new law "weakens our ability to hold down prices and stabilize the economy."

Ellender recalled that Congress, against the President's desires, passed a law reviving the World War II controls program in the fall of 1950.

"We gave him the power to control prices then, and he waited and waited before using them. That was the time to head off inflated prices, and he didn't do it. Instead, the President himself let prices go haywire, and now he's trying to shift the blame to Congress."

Senate Approves Western Germany Peace Contracts

By JOE HALL

WASHINGTON — (P) — The Senate has overwhelmingly ratified two pacts designed to bring the potential military and industrial power of Western Germany into the free world defensive alliance.

One of the pacts, approved 77-5, ends the occupation of the German Republic and largely restores it to the family of sovereign nations.

Strike May Tie Up Lake Ferries

DETROIT — (P) — A strike which would tie up 14 passenger-auto-railroad car ferries on Lake Michigan and the Detroit River looms as a possibility over the Fourth of July weekend.

"I wouldn't say yes or I wouldn't say no," said Herman L. Booth, Jr., international Marine director of the Great Lakes licensed officers' organization, when asked if a walkout would be called over the holiday.

Booth said no notice would be given if there is a strike. About 200 officers on the railroad-operated vessels would be affected.

In the past the independent union has called strikes on holiday weekends, when business is at its peak, to strengthen its bargaining hand. A 48-hour walkout was staged last Labor Day weekend.

The National (Railway) Mediation Board abandoned its efforts to end the wage dispute late in May. A required 30-day waiting period has expired since then.

Union demands include pay boosts of from \$28 to \$40 a day for captains of the ferry boats and corresponding raises for other licensed officers. The union also is demanding a union shop.

Chesapeake & Ohio railroad operates six of the lake ferries between Michigan and Wisconsin points and three of the river boats between Detroit and Windsor, Ont.

The Ann Arbor railroad runs five of the Lake Michigan vessels and Grand Trunk Western three. The Wabash runs the other three ferries across the river.

More Money Needed To Fight Lampreys

WASHINGTON — (P) — Congress has been asked by President Truman for more money to further research on sea lamprey damage in the Great Lakes.

He asked the nation's lawmakers yesterday to grant an additional \$240,000.

Truman said earlier allotments for the project, totalling \$20,000 a year, were not adequate in ridding the lakes of the pests which prey on marketable fish.

The lamprey has virtually ruined commercial lake trout fishing in the Great Lakes.

Steel Deadlock Looks Like Long One; Famine In Iron Ore Foreseen

PITTSBURGH — (P) — The CIO United Steelworkers continued to try and bring smaller companies into the contract fold today despite a statement by a top industry executive that the big companies can't give in to the demand for a union shop.

A steelworkers' spokesman, pointing to the more than 50,000 steelworkers who have been covered by new pacts since 650,000 workers struck a month ago, declared:

"We think more of the smaller companies will be in line this week."

Mine Tieup Serious

The statement came in the wake of a prediction by Charles H. White, head of Republic Steel, that there will be a "long drawn

out fight" between the steel producers and the union headed by Philip Murray.

White wired presidential assistant John R. Steelman:

"We have fully explored the possibility of reconciling the union shop issue with the CIO and we see no possible area of compromise."

The steel executive told Steelman that a parallel strike in the great iron ore mines of Minnesota is becoming "disastrous."

White said if the iron ore strike continues there will be no possible chance of the resulting ore shortage being made up by all-rail shipments. Much of the ore is shipped over navigable waters in the summer months.

"If we are in the midst of a shooting war next winter, this ore loss would be hazardous," White added.

Meanwhile the union drive to sign small companies was going ahead with secret negotiations reported at Denver, Colo., and Granite City, Ill.

Million Made Idle

Thirty-three other small companies have signed new contracts based on recommendations made by the Wage Stabilization Board.

The WSB recommendations call for an hourly 26-cent wage and fringe package and a union shop—which would require all workers to join the union.

Most of the small company contracts provide a modified union shop, requiring new workers to join the union but permitting them to drop out anytime between the 20th and 30th day of employment.

Unemployment figures across the nation have soared to the million mark as a result of the steel strike. This includes 600,000 steelworkers and another 400,000 furloughed workers in allied industries.

President Goes Down In Dixie

By ERNEST B. VACCARO

BULL SHOALS DAM, Ark. — (P) — President Truman, in a sharp reply to southern critics of his administration, declared today "The New Deal and the Fair Deal have done more for the south" than any other administrations in history.

The President dedicated two hydro-electric dams as "symbols of the progress that has come to the south" under his administration, which he calls the "Fair Deal," and that of Franklin D. Roosevelt's "New Deal."

Truman's speech was reminiscent of his "give 'em hell" campaign of 1948. He ridiculed "pull-backs" and "reactionaries" and assailed the "special interests."

Among "special interests" he named the private power companies, the American Medical Association and the "real estate lobby." He declared they have adopted the "lying slogan" of socialism in fighting every "Fair Deal" suggestion.

The President said the Arkansas Power and Light company and the Southwestern Gas and Electric company had made a great hullabaloo against the two dams he dedicated, attacking them as a "method towards socialization of the electric industry."

"Every time we try to do something for the people, some special interest pops up and yells 'socialism,'" he said.

Father Drowns With Son In VanAuken Lake

HARTFORD, Mich. — (P) — Orbin Rushing, 47, drowned in Van Auken lake yesterday in a futile attempt to rescue his son Cleatus, 12.

The boy, paddling in an inner tube, flipped over in eight feet of water. The father, watching from the shore, went in after him. Both were unable to swim and went down together.

Five other sons survive. The mother died in 1951.

The Manila weather bureau said at 5 p. m. (4 a. m. EST) the typhoon center was 80 miles south-east of Cebu City, on Cebu, and forecast that the storm would be about 80 miles south of Iloilo City, Panay Island, by 2 a. m. tomorrow.

Winds of 55 miles an hour were estimated within a 60 mile radius of the storm center.

Philippine Air Lines cancelled all flights from Manila to the Visayan Islands and Mindanao. Aircraft in the Visayas are being evacuated south of the threatened zone.

There were scattered other factors in the government's improved financial picture: Veteran's benefits cost 300 million less than the budgeted \$5,200,000,000; interest payments on the federal debt ran 100 million less than the six billion budgeted.

Government costs in all came to \$66,100,000,000 for the 12 months ended June 30. Although federal spending did not reach the heights predicted by Truman, it jumped 50 per cent above fiscal 1951 and topped all previous years in which there was no full-scale war.

Tax Revenue Shrinks

Tax receipts would have cut the deficit still lower had they lived up to presidential expectations. As it was, they totaled \$62,100,000,000, or 551 million short of Truman's forecast. Income tax receipts were 600 million below his estimate.

The tax collection was huge, however, by every other standard—20 billion dollars above the World War Two peak and 29 per cent above fiscal 1951, due to increased rates and new levies.

The better-than-expected outcome of fiscal 1952 promised to make it easier for the government to bear the heavier deficit anticipated for fiscal 1953, which began yesterday.

House Inquiry Finds Russians Guilty In Massacre Of 15,000

By RUSSELL BRINES

WASHINGTON — (AP) — A Congressional report today officially charges Russia with killing 15,000 Polish officers 12 years ago on a pattern duplicated by the Reds in Korea.

This, said Rep. O'Konski (R-Wis.), was the unanimous verdict of a special House committee which heard 150 witnesses in this country and Europe while probing the 1940 Polish massacre in Katyn forest, near Smolensk, Russia.

Witness Wears Mask

The report was prepared for presentation to the House today or tomorrow. It may include specific recommendations considered by the committee for "appropriate action" against the Russians by the United Nations assembly and the World Court and for international investigation of any other Soviet atrocities.

The Polish officers disappeared in 1940 from Russian prison camps. Three years later German authorities discovered crude graves at Katyn forest from which 4,258 bodies were exhumed.

The Nazis immediately claimed the Russians were responsible. Moscow replied that the Germans had killed the Poles after capturing the Smolensk area.

O'Konski said all of the committee's evidence confirmed Russian guilt. Witnesses included a former Polish soldier who appeared in a mask, to hide his identity, and who testified he saw some of the shootings.

Same Technique Used

The Polish officers had their hands tied in a distinctive manner behind their backs and most of them were shot in the head, O'Konski said this technique has been used against Americans in Korea.

Tornado Lifts House, Kills Dakota Farmer

WING, N. D. — (AP) — Louis Olson, 70, nearby farmer, was killed last night when a tornado lifted his house from the foundation and dropped it 200 feet away, upside down and a mass of splintered wreckage.

The twister flattened buildings on a score of farms and tore out the power and telephone lines. The storm cut a five mile wide swath for an estimated 40 miles. Tattle, 15 miles north of here, was also hard hit.

The swirling black cloud hit at the supper hour. State police said only the fact that it was visible at long distance over the prairies prevented a heavier casualty toll. Wing is 50 miles northeast of Bismarck.

Weddings Slump

KALAMAZOO — (AP) — This may be leap year but you would never guess it from a look at the records in the county clerk's office. The records show that 134 marriage licenses were issued in June this year compared with 163 last year.

Sightseeing Americans Seized By Soviet Police

CHERRY QUEEN — Ruth Madona Belanger, 18, of Lake Leelanau, Michigan, will reign as queen of the 1952 National Cherry Festival, which begins on July 9. Queen Blanger won the title in competition with 17 other northern Michigan girls.

Four Tourists Whisked Away To Red Berlin

BERLIN — (AP) — Communist police arrested three American clergymen and a German girl today and forced them into the Soviet zone of Germany at gunpoint.

The U. S. Army demanded their immediate release, but they were still in custody at nightfall.

Just Arrived

U. S. Army liaison officers said the three men are Catholic priests from the Frankfurt office of Catholic Relief Agencies Operation in Germany. They are Martin Borowski, George Gorski and Bronislaw Sokolowski, who arrived in Berlin only this morning.

The girl was identified as Miss Katherine Wintzler, an employee here of the National Catholic Welfare Conference.

Forced Across Border

West German police and eyewitnesses gave this account:

The Americans were sightseeing in Zehlendorf, a residential district in the western sector of Berlin. The district borders the Soviet occupation zone of Germany.

The Americans had stopped their car at the border and were taking photographs. A Russian officer and several East Zone "People's Police," armed with carbines, rushed up to the car.

The police entered the car and forced it across the border. The Americans were held for about 20 minutes at the Soviet check point on the border, then were taken to the Soviet military post at nearby Machnow.

Marked By Spikes

The car had American license plates. These are registered in Western Germany and not in Berlin. This indicated the four were visitors to the city and possibly not familiar with the border situation.

The west police said that at the spot where the incident occurred the boundary between the American sector and the surrounding Soviet Zone is marked by iron spikes in the road. They said the Americans drove past these right up to the red and white barrier pole across the road at the Russian check point.

September Draft To Call 30,000

WASHINGTON — (AP) — The Army today called for 30,000 draftees in September. It said it would need 54,000 more men a month for the final three months of the year.

The Army's September call is about the same as it was for the preceding two months.

It called for 29,000 men in August and 31,000 in July.

The projected draft of 54,000 men in October, November and December would be higher than any since March 1951.

In that month—nearly a year and a half ago—80,000 men were drafted, all for the Army.

The announced quota for September brings to 1,013,430 the total number of men drafted since selective service resumed operation in September in 1950.

Truman Tangles Up Price Controls, Then Blames It On Congress, Senators Say

By G. MILTON KELLY

WASHINGTON — (AP) — The scolding President Truman aimed at Congress yesterday for easing price controls drew some hot retorts today from Capitol Hill.

"The President himself let prices go haywire," snapped Sen. Ellender (D-La.), "and he's trying to shift the blame to Congress."

Sen. Dirksen (R-Ill.), a critic of the administration's controls program, fired back: "The most permanent, built-in inflationary factor in the entire economy today is the administration's astronomical spending program, sponsored by the President himself."

"Mr. Truman is still on the wrong track," said Sen. Bricker (R-Ohio). Bricker said economy and tighter credit control are better answers.

The senators' outbursts followed a statement by the President that "Congress has opened a dangerous gap in the mobilization program" by its actions on controls. Truman said the new law "weakens our ability to hold down prices and stabilize the economy."

Ellender recalled that Congress, against the President's desires, passed a law reviving the World War II controls program in the fall of 1950.

"We gave him the power to control prices then, and he waited and waited before using them. That was the time to head off inflated prices, and he didn't do it. Instead, the President himself let prices go haywire, and now he's trying to shift the blame to Congress."

OH, DOCTOR! — Dr. Virginia Boydjett, above, of Reading, Pa., has been chosen as the "Best-Looking Doctor in the United States" by the National Chiropractic Association. Doctor Boydjett's winning smile has been soothing patients for eight years.

Steel Deadlock Looks Like Long One; Famine In Iron Ore Foreseen

PITTSBURGH — (AP) — The CIO United Steelworkers continued to try and bring smaller companies into the contract fold today despite a statement by a top industry executive that the big companies can't give in to the demand for a union shop.

A steelworkers' spokesman, pointing to the more than 50,000 steelworkers who have been covered by new pacts since 650,000 workers struck a month ago, declared:

"We think more of the smaller companies will be in line this week."

Mine Tieup Serious
The statement came in the wake of a prediction by Charles H. White, head of Republic Steel, that there will be a "long drawn

out fight" between the steel producers and the union headed by Philip Murray.

White wired presidential assistant John R. Steelman:

"We have fully explored the possibility of reconciling the union shop issue with the CIO and we see no possible area of compromise."

The steel executive told Steelman that a parallel strike in the great iron ore mines of Minnesota is becoming "disastrous."

White said if the iron ore strike continues there will be no possible chance of the resulting ore shortage being made up by all-rail shipments. Much of the ore is shipped over navigable waters in the summer months.

"If we are in the midst of a shooting war next winter, this ore loss would be hazardous," White added.

Meanwhile the union drive to sign small companies was going ahead with secret negotiations reported at Denver, Colo., and Granite City, Ill.

Million Made Idle

Thirty-three other small companies have signed new contracts based on recommendations made by the Wage Stabilization Board.

The WSB recommendations call for an hourly 26-cent wage and fringe package and a union shop—which would require all workers to join the union.

Most of the small company contracts provide a modified union shop, requiring new workers to join the union but permitting them to drop out anytime between the 20th and 30th day of employment.

Unemployment figures across the nation have soared to the million mark as a result of the steel strike. This includes 600,000 steelworkers and another 400,000 furloughed workers in allied industries.

President Goes Down In Dixie

By ERNEST B. VACCARO

BULL SHOALS DAM, Ark. — (AP) — President Truman, in a sharp reply to southern critics of his administration, declared today "the New Deal and the Fair Deal have done more for the south" than any other administrations in history.

The President dedicated two hydro-electric dams as "symbols of the progress that has come to the south" under his administration, which he calls the "Fair Deal," and that of Franklin D. Roosevelt's "New Deal."

Truman's speech was reminiscent of his "give 'em hell" campaign of 1948. He ridiculed "pull-backs" and "reactionaries" and assailed the "special interests."

Among "special interests" he named the private power companies, the American Medical Association and the "real estate lobby." He declared they have adopted the "lying slogan" of socialism in fighting every "Fair Deal" suggestion.

The President said the Arkansas Power and Light company and the Southwestern Gas and Electric company had made a great hullabaloo against the two dams he dedicated, attacking them as a "method towards socialization of the electric industry."

"Every time we try to do something for the people, some special interest pops up and yells 'socialism,'" he said.

Father Drowns With Son In VanAuken Lake

HARTFORD, Mich. — (AP) — Orbin Rushing, 47, drowned in Van Auken lake yesterday in a futile attempt to rescue his son Cleatus, 12.

The boy, paddling in an inner tube, flipped over in eight feet of water. The father, watching from the shore, went in after him. Both were unable to swim and went down together.

Five other sons survive. The mother died in 1951.

Fair Sponsors Cattle Contest

A fat cattle contest by 4-H club members and Future Farmers will be an agricultural feature of the Upper Peninsula State Fair at Escanaba Aug. 19-24.

Young beef cattle were made available to the youngsters early this season, with weights carefully recorded. The club members are feeding the cattle now and will bring the stock to the fair. On Friday, Aug. 22, the fat cattle sale will be held at 10 a. m.

The cattle will be judged before the sale and, of course, the animals will again be weighed. Youngsters who have done the best job of developing their animals for market will be contest winners.

The reserve champion and grand champion animals will be designated by the judges and the animals will be sold at auction in front of the grandstand.

This is the first fat cattle contest at the U. P. State Fair and it is being presented on an experimental basis. Interest in the contest has been exceptionally lively and early reports indicate that many of the youngsters are doing an excellent job in fattening their stock for market.

Isabella

ISABELLA — Fourth of July guests at the Youngsters farm home of Mr. and Mrs. Nick Bonifas will be Mr. and Mrs. Neale Olmstead and daughter Paula, Mr. and Mrs. William Bilgen of Detroit, Mr. and Mrs. Richard Bonifas and daughters Kristen and Sally of Ishpeming.

Ikie Beauchamp of Detroit arrived this week to join his wife and daughter Sally at the Algot Segerstrom home where Mrs. Beauchamp has been visiting for the past several weeks.

Mrs. Alex Murray has been dismissed from St. Francis Hospital and is recuperating at her home.

Ladies Auxiliary Meets

Mrs. Don Douville was hostess to the Ladies Auxiliary of the Walter Cole post at her home Tuesday evening. The meeting was in charge of Miss Mildred Kniskern, president. Many Rapid River members attended this meeting. At the close of the meeting, games were played and refreshments were served by the hostess.

Briefs

Mrs. Jack Ebli and son Nickie of Manistique are visiting with Mrs. Ebli's parents, Mr. and Mrs. Nick Bonifas while Trooper Ebli is in Lansing on business.

Marilyn Nedeau and Donald Flath of Escanaba were weekend guests of Miss Nedeau's parents, Mr. and Mrs. Leo Nedeau.

Mr. and Mrs. Edward Gouin and three sons of Escanaba spent the weekend at the William Nedeau home.

Mrs. Ed Douville of Marquette is visiting at the home of her son and daughter-in-law, Mr. and Mrs. Don Douville.

Mrs. Rose Nepper visited Tuesday with the Royal Hazel family who are now living at Blaney Park in their trailer home.

Mr. and Mrs. Alfred Erickson and son Kenneth of Marquette will spend the July 4th weekend at the Paradise cabin of Arvid Sundin.

Mr. and Mrs. Peter Farsland attended the installation of Rev. Herbert at Manistique on Sunday.

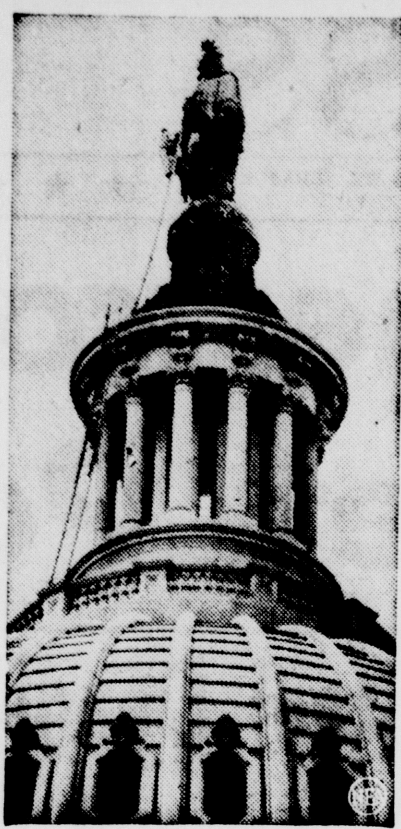

Mrs. William Venette and daughter Delosa are visiting this week at the home of Mr. and Mrs. Howard Johnson at Engadine.

Dr. and Mrs. N. Kent Ellis and children, Nathan Jr., Kittie Lou and Natalie Ruth of Lafayette, Ind., will arrive Thursday to spend the 4th of July weekend with Mr. and Mrs. Harvey Sundin.

H. J. McDonough Files Petition

Attorney Howard J. McDonough filed his petition yesterday for the non-partisan office of Circuit Court Commissioner of Delta County.

He is the only candidate to enter his name for election to the post in the August general primary.

McDonough has been in the practice of law in Escanaba since June, 1951. Previous to his coming to Escanaba, he maintained a law office in Iron River, Mich., for more than 27 years.

During that time he served as prosecuting attorney for Iron county, city attorney for Iron River, and Circuit Court Commissioner of the county.

He is former member of the Iron River school board and commander of the Iron River Post 17 of the American Legion.

He was admitted to the bar in 1924 after his graduation from the University of Detroit law school.

Attorney McDonough and his family reside at 701 S. 15th St. Three of his four children were enrolled in college in the past semester.

Mrs. Ellis' sister and brother-in-law, Barbara Ann Venette visited over the weekend at Blaney Park with Mrs. Royal Hazel.

Letters To The Editor

REGISTERS AND VOTE

Dear Editor:

We as Americans have a constitutional privilege, yet about one half of our citizens neglect, kick aside and do not use that special privilege. Why? Because of many peoples are disgusted with what is called rotten politics. That's our fault if it is or becomes rotten, because we do not express our wishes at the ballot box. Your individual vote and the individual votes of those like you can change an election surprisingly, if you do your part.

We have no right to complain if we are so negligent.

Many intelligent voters have learned that not all good candidates are on one party ticket. Many recognize that if national candidates were elected by popular vote of the people instead of machine politics electoral college, conventions, etc., our national, state and county elections could produce quite different results.

Granting that we have a very slim chance still of being acquainted with national candidates, also is that true of state candidates; but there is no excuse for not knowing your county candidates. Don't say we have not dealt with them. If you are so far back in the times, then stay home and don't spoil it for those who do get around. If a person has served WELL, then continue them in office, if NOT, then let's get RID of them and give another a chance.

Too bad to know that some will neglect their job, others try to become our bosses instead of as they present themselves as servants when they want our votes.

True at the PRIMARY we can use only one ballot, but would like to vote for others on the other ticket. That is our fault, since we elect men who want to preserve their party and keep it intact for their own use.

Education Chiefs Of 48 States Meet In Michigan July 5

LANSING—(P) — Preparations are complete for holding the annual convention of the Superintendents of Public Instruction for the 48 states at the conservation department training school, Higgins Lake, Dr. Lee M. Thurston, Michigan superintendent said today.

The meeting, first of its kind in Michigan, will start Saturday and run through July 9.

Edgar Fuller, executive secretary of the National Council of Chief State School Officers, is in charge of arrangements. He reported 120 state school officers from all over the country will attend.

Governor Williams will welcome the group to the state on Sunday. Among those participating in the program will be Earl J. McGrath, United States Commissioner of Education; William G. Carr, executive secretary of the National Education Association, and Worth McClure, executive secretary of the American Association of School Administrators.

Start at your county candidates and show your interest in GOOD GOVERNMENT well administered and we can better it gradually as we consider state and national candidates.

We would think a woman NUTS, if she cleaned the living rooms first and then started at the attic last and messed up what was already cleaned up, but we do just such strange things in our judgement in politics.

Remember and get busy and REGISTER, then VOTE intelligently.

Just a voter in Delta County.

CLEAR BAY OF OLD PILINGS—Sweeping operations to clear old pilings from the north bay shore began today by tugs owned by Capt. John T. Roen of Sturgeon Bay. Pictured are two of the tugs with a sweep chain. In the background is the Escanaba Coal & Dock Company dock. The pilings at the old ore dock site are a danger to navigation and would have to be removed, the city was informed. The removal of the pilings is necessary also if the city expects to utilize its bay shore property purchased from the government. (Daily Press Photo)

Roen Begins Removal Of Piling At Old Dock Site

Tugs owned by Capt. John Roen of Sturgeon Bay today began "sweeping" a north bay shore area to remove pilings that are a danger to navigation.

The city of Escanaba entered into an agreement with Capt. Roen to remove the pilings left from the former government ore dock project at a cost of \$6,000. Actual cost to the city will be approximately \$2,000, with the remainder covered by a performance bond forfeited by the C. & S. Construction Company, which failed to remove the pilings as required under its contract with the city.

Roen brought four tugs to Escanaba for the sweeping work. Two are large and powerful tugs which will tow the sweep chain along the bottom of the bay. The chain is attached at each end to two blocks of concrete weighing several tons each.

Off City Property

Approximately 2,200 piling will be swept and pulled from the bottom at the site. The property was purchased by the city after the war from the government.

U. S. Army Engineers and the Coast Guard have advised the city that the pilings, some extending to within a few feet of the surface, are a hazard to navigation and must be removed.

Two of the Roen tugs arrived yesterday morning and two last evening. One is a large converted catamaran, which will be used in pulling some of the piling select-

Many Prizes In Fishing Contest

A lot of Escanaba youngsters will be awarded fishing tackle as prizes in the Junior Chamber of Commerce fishing contest at Ludington Park July 4.

The contest will start at nine o'clock and will end at noon. Grand prizes consisting of a complete fishing outfit will be awarded to the boy and the girl with the largest fish, any species.

The first boy and the first girl to catch a fish will receive a fishing kit and fishing kits also will be presented to youngsters who catch the 10 largest fish.

The contest will be confined to the Escanaba yacht harbor and contestants are asked to report to the judge's stand near the flag pole at the yacht basin.

The contest is open to all youngsters under the age of 16.

Flights Resumed By Nationwide

Nationwide Airlines, Inc., the intra-state air carrier which has served the Lower Michigan and Upper Peninsula area over the past four years, will re-inaugurate their daily scheduled flights beginning today, it was announced today by M. T. (Mike) Blaney, newly appointed general manager.

Mr. Blaney said that one round-trip daily will be made from Detroit to Lansing, Escanaba, Marquette, Iron Mountain and Houghton. The elapsed flight time between Detroit and Houghton is 4 hours and 15 minutes.

John V. Weesner, president of Nationwide Airlines, pointed out that the resumption of operations is in line with the company's planned program concerning scheduled air transportation for the State of Michigan.

"The situation which caused a suspension of operations last January had been relieved to a degree that daily scheduled flights from Detroit City Airport to the Upper Peninsula are again feasible", the pioneer of local service air transportation to Michigan commented.

Mr. Blaney, a native of Detroit, will have his office at the Detroit City Airport.

Briefly Told

Cruiser Visits Here—The Walter S. Strowbridge family of Cheboygan Falls, Wis., aboard the 30-foot cabin cruiser "Isis," stopped at Escanaba yacht basin Monday enroute to Sturgeon Bay.

Theft Reported—The Phoenix Lumber Company has reported to Escanaba police the theft of an undetermined amount of lumber from the Ford fuel yard, Fifth Ave. N. and North 16th St.

Stamp Collectors—The Escanaba Philatelic Society will hold its July meeting at 3 Sunday afternoon in the council chambers at the city hall. All stamp collectors are invited to attend.

Boys State Officer—George McFadden of Cornell was named to the office of clerk of The Supreme Court as the result of elections at the 14th annual Wolverine Boys' State taking place at Michigan State College, East Lansing June 19-27.

Start Tree Pruning—Escanaba's parks and forestry department will soon begin a summer program of pruning street trees along 120 blocks, it is announced by Robert Clayton. In the first pruning in two years streets will be selected with trees most needing attention. A crew of five or six men will be employed.

Bark River Parade—The 4th of July parade, sponsored by the Bark River Lions Club, will originate in the Salem Lutheran church courtyard at 10 a. m. The doll buggy parade will originate at the front of the post office and join the parade there. Judges stand will be in front of Dr. Frenn's home.

Disabled Vets Meet—There will be a regular meeting of the Disabled American Veterans and the auxiliary, Thursday, July 3, at 8 p. m., in the Legion club rooms. There will be reports on the convention held in June at Grand Rapids. Plans will be completed for the family picnic. A social hour will follow with Mrs. Alvin Anderson, chairman.

Boy Is Injured—Richard Siverson, five, son of Mr. and Mrs. Vernon Siverson of 1809 Third Ave. N., suffered minor injuries at 5:40 p. m. yesterday at 14th St. and Ludington. It was reported by police. The boy suffered a minor bruise on the head and left arm. Cause of the injury, possibly by falling after being brushed by a passing car, was not fully determined.

Daughter Born To Tom F. Houghs

Mr. and Mrs. Tom F. Hough Jr., of 2601 Calappa, Chicago, welcomed their first child today, a daughter born at 12:30 p. m. at St. Francis Hospital. The baby weighed 7 pounds and 1 ounce. The new arrival is the first grandchild of Dr. and Mrs. Harold G. Groos. Mrs. Hough is the former Marilyn Groos.

4th OF JULY SALE! SHOP NOW & SAVE!

SPRING COATS

One big sale rack of spring coats. Good range of sizes and styles. All new colors, light and dark. Shop this item early.

Values to \$85.00

Editorials—

Success In Election Depends Upon Wooing Independent Vote

THERE is in the United States a large segment of voters who pride themselves on their independence. They feel no obligation or loyalty to any political party and can be expected to vote for the candidate who most appeals to their independence. These millions of Americans, free of party ties and unreliable as precinct workers, will by their votes play an important role in the election of this nation's next President.

The independent voter is unorganized. He wears no identifying button. You will find him in labor unions, in business and in the professions.

"Because he acts as an individual rather than a member of an organization he is usually unrecognized by the major political parties."

But the independent voter cannot be ignored. He represents that element of the citizenry whose vote can and does give a candidate and a party the winning majority. To ignore him is to accept the fallacy that political parties control the vote.

If there were no such thing as an independent voter there would never have been a Democratic victory in 1932, nor could the Republicans hope to overcome the Democratic majorities in this presidential election year of 1952.

The independent voter is not obligated by partisanship to support either the Republican or the Democratic party. He will vote for that candidate and that party which most appeals to his intelligence.

Because of his refusal to hew to the party line, the independent is often viewed with suspicion by the faithful of both parties, who would rather suffer political defeat than have their ranks sullied by the party-bolter.

As it stands today, however, the Democrats cannot maintain their majority strength unless they hold the independents; and the Republicans cannot hope to win unless some of the independents who have voted Democratic in the past switch to the Republican side of the ledger.

While it is true that independents have all shades and degrees of independence—some leaning toward the Republicans, some toward the Democrats—they have one thing in common: The courage and personal integrity to vote for men and issues rather than for party.

This election year, therefore, will find the two major parties put to the test in advancing candidates and platforms that will appeal to the independent voter. Failure to do this will spell failure at the polls.

If You Don't Register, You Cannot Vote

IF you are among the hundreds of Delta County voters whose names have been removed from the voting registration lists for failure to vote within the past two years, or if you are a newcomer to Escanaba, or a young man or woman recently turned 21, this editorial is directed at YOU.

The registration deadline is next Monday, July 7 and if you want to vote in the primary election Aug. 5, you had better take care of that registration problem now.

The July 4 holiday weekend will be a hectic one for most families, with holiday trips, family picnics, etc., so it would be a good idea to complete your registration immediately. Go to your city clerk or township clerk and register. The process takes only a few minutes, but it is important. If you are not registered, you can't vote. And, of course, if you don't vote, you have no voice in the important affairs of government.

The Escanaba Junior Chamber of Commerce is doing an excellent job in promoting voting registrations. The Jaycees have pointed out repeatedly the importance and the necessity for getting every qualified elector properly registered. Now it's up to you.

Questions and Answers

Q—What is the legend regarding the discovery of quinine?

A—Quinine was discovered when a cinchona tree fell into a pond near an Indian village, and a brave, too sick to travel farther for better water, drank the bitter water and was cured.

Q—Who was the last presidential candidate nominated by the Whig Party?

A—General Winfield Scott was nominated by the Whigs in 1852.

A—Whenever a person walks along the dry beach at Mana, on the island of Kauai, the crunching of his footsteps sounds like the barking of dogs. Science says the grains of sand are hollow, and when rubbed together pop off with a noise which is easily mistaken for barking.

Q—What substance is considered to have been our first plastic?

A—In the latter part of the 19th century, John Hyatt an American scientist, mixed camphor with nitrated cotton cellulose and got celluloid, often called the first plastic.

TUNCLE EF

It's interesting that the winner of the recent 500-mile automobile race at Indianapolis averaged almost 130 miles an hour. However, Arch Neabrite remarked that if you're in that big a hurry, why bother with a car when you can take a plane, fly twice as fast and think nothing of it.

The Doctor Says ... Get Good Diagnosis of Heart Murmur Cause, Damage Done

BY EDWIN P. JORDAN, M. D. — Written for NEA Service

A worried lady writes that her 8-year-old son has been found to have a heart murmur, and that this is on her mind a great deal. Like many others, she also wants to know just what this means, what causes it and what can be done for it.

The situation with regard to most heart murmurs is now much better than it was a generation ago, when far too many youngsters who were found to have a murmur over the heart were put to bed for months at a time.

The reason this has changed for the better is that much more is known about heart murmurs and many of them today are recognized as not being really serious.

In some children, for example, the growth of the heart and the valves inside the heart do not keep pace with each other, so that the valves allow a small amount of blood to slip back, causing a murmur to be heard over the region of the valve.

This kind of murmur is not due to disease, and tends to disappear as the youngster grows older. Actually, it is the failure of the valves between the four chambers of the heart to hold back the blood, which causes a murmur.

It is true, however, that there are serious

causes for murmurs which result from abnormality of the heart valves, caused either by disease or which were present at birth are fairly rare and can usually be discovered quite early. Some can be corrected by surgery.

Most of the valve troubles which cause murmurs in youth are caused by rheumatic fever. Even this, however, can be so mild that nothing serious ever develops.

Rheumatic fever injures the heart valves by causing growths on the lips or cusps of the valves so that they cannot close completely. If the damage to the heart valves has been severe, the murmur may mean that physical activity has to be curtailed.

HEART STILL DOES JOB

However, in many cases the growths are small and not active, and even though they have produced enough damage to cause a murmur to be heard, the heart is able to do its job without trouble.

An accurate diagnosis of cause and degree of damage should be made. The mere presence of a murmur in the heart is not enough, nor does it always mean that ordinarily exercises has to be eliminated, or that there will be serious interference with life or health.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—Those who know the inside on several State Department errors recently are beginning to wonder how our fumbling diplomats have been able to keep the U. S. A. out of war as well as they have.

Boner after boner has been pulled by State Department men, which, with the common sense of a railroad yardmaster, could have been prevented. Here are the three latest:

1. The Lattimore snafu could have been softened even at the last moment when Michael McDermott, State Department press officer, was asked if it wasn't true that the department frequently acted on rumors in banning citizens from foreign travel.
2. Grandiloquently replied McDermott: "The State Department does not take action on fantasies or inanities."
- Yet, in the Lattimore case that was exactly what the State Department did.
2. For months the State Department has had in its hands amazing details of how the China lobby has been trying to buy, bribe, and subvert American foreign policy. Yet it's done nothing. Now Senator McCarran, worst State Department enemy, has moved in with a secret probe to browbeat State Department witnesses.
3. Failure to notify the British in the Yalu dam bombings is one of the most nonsensical boners in years. It was such a cock-eyed comedy of errors that it's unbelievable. Here is a play-by-play account of what happened.

LORD ALEXANDER'S RUG

For weeks Churchill's government had been getting some rough criticism from the Laborites over lack of cooperation in Korea. So Lord Alexander, British minister of defense, went to Tokyo to iron things out. Lord Alexander got along beautifully with Gen. Mark Clark, told everyone that we were doing a fine job, and that Anglo-American cooperation couldn't be better.

He was planning to make a glowing report to this effect on his return to London. But, while in Washington en route home, he had the rug pulled out from under him.

The Defense Department telephoned acting Secretary of State David Bruce to say that General Clark had advised that he was about to bomb the hydroelectric dams.

"I assume the British are being notified," was Bruce's comment.

"I assume so," was the Pentagon's reply. But neither one did anything about the assumption. They went serenely about the humdrum routine of Washington without even bothering to pick up the phone and notify Lord Alexander who was a few blocks away in Washington praising American cooperation.

Dean Acheson, at that particular time, was on a plane bound for London. It was not his fault. His undersecretary of state, Bruce, who has been responsible for more than one bad boner in the past, was in charge.

SEPTEMBER'S AGREEMENT

As to legal necessity of notifying the British, there are mixed opinions. Foreign Secretary Morrison had stopped in Washington enroute to Ottawa last September at which time two agreements were made regarding Korea.

One was a list of moves we would make in case the truce negotiations broke down, such as blockading the China coast. Most of these moves are still secret.

The other was a list of targets we would bomb if the truce talks broke off. This list included the hydroelectric dams.

Strictly speaking, it was not necessary to notify the British—if the truce talks broke off. But there is a difference of opinion as to whether the truce talks are broken off or merely bogged down. Furthermore, Foreign Secretary Morrison understood London was to be notified, even though this understanding was never reduced to writing.

The easiest solution obviously was to pick up the phone and call Lord Alexander—especially since he personally thought the dams should have been bombed.

Reason for General Clark's desire to bomb the dams was important. About three weeks ago he got worried that the Reds were ready to launch a new offensive. He feared they were using the truce talks as a blind for a sneak attack. On one occasion the Communists threw 15,000 troops into a savage battle to regain T-Bone Hill and it was obvious that the Chinese command was trying to find a weak spot in U. N. lines.

It was at this point that Clark and General Van Fleet decided to knock out the power dams. These dams have provided the power for the Communist radar network that directs enemy fighters and artillery. They also feed electricity to most of the war industry of Manchuria.

Into The Past

10 YEARS AGO

Cairo, Egypt—The British were making a final effort to save the Suez Canal from the onrushing forces of General Rommel and his Afrika Korps.

Escanaba—Mrs. Arthur Barron and daughter, Rosemary, left for several days' visit in Milwaukee.

Escanaba—Mr. and Mrs. Levi Turnquist left for Chicago for several days visit with relatives and friends.

Gladstone—Robert Hillman, who has enlisted in the Army Air Corps, was honored at a party at his home, 1602 Minneapolis Ave. Among the guests were Mrs. Charles Larson and daughter Virginia, of Wells; Allen, Elmer, Alcott and Emma Erickson.

Manistique—Miss Marian Hager, Delray Beach, Fla., was visiting at the home of Mr. and Mrs. Ernest Smith, River St.

20 YEARS AGO

Chicago—Franklin D. Roosevelt, governor of New York, was overwhelmingly chosen to be the Democratic nominee for President.

Escanaba—Miss Janet Matthews had left for New York City to resume her position with a publishing house after a vacation visit with her parents, Mr. and Mrs. Stanley Matthews.

Gladstone—Dredging of the boat harbor was resumed. Work was going as planned to complete the harbor and the channel to the bay.

"Operations Conducted With Great Pains"—dental ad. No comment!

Are You a Good Swimmer, Phil?

Tiny Transistor, Predicted In 1871, Builds Tubeless Radios

By RICHARD KLEINER

NEA Staff Correspondent

NEW YORK—(NEA)—An element that was predicted before it was found has united with a device that was invented before it was built. Together, they give promise of amazing advances in electronics.

The element is germanium, one of those predicted by the Russian, Mendeleev, in 1871. It was actually first isolated 15 years later, by Clemens Winkler, a German, who named it after his homeland.

The device is the transistor, a gimmick about the size of a shoe-lace tip. It is designed to do the same job as certain vacuum tubes, and its advantages, against the tube, are quickly apparent.

The vacuum tube, like those in your radio, does its job by boiling off electrons from a heated filament encased in glass. Right there, you have the chief drawbacks of the vacuum tube.

Tubes can break; transistors can't. Tubes need to warm up; transistors don't. Tubes have a filament which burns out; transistors are expected to last about 100,000 hours. Tubes need relatively high power to bring the filament to the right heat; transistors can run on about one-millionth of a watt. And transistors are much smaller than tubes.

The transistor is the result of research to find something that would do the job of a vacuum tube without its faults. The search led to a class of metals called "semi-conductors," which are midway between a true conductor of electricity, like copper, and an insulating material.

The flow of electrons in these metals can be controlled. For instance, a semi-conducting wire can be rigged so it will conduct current well in one direction, but poorly in the other.

At the Bell Telephone Laboratories in New York, the electronics men sat down and planned a device which would utilize a semi-conductor, and, through this quality of controlled flow of electrons, do the same job as a tube. It was, the Bell people say, "pure research," in that the whole thing was worked out on paper before it was built.

When they finally constructed the first transistor, it performed like it was supposed to. It is, actually, a simple device in looks. It contains a tiny chip of germanium, about 40-thousandths of an inch square, with two wires touching it barely two thousandths of an inch apart. These wires are soldered to a metal base.

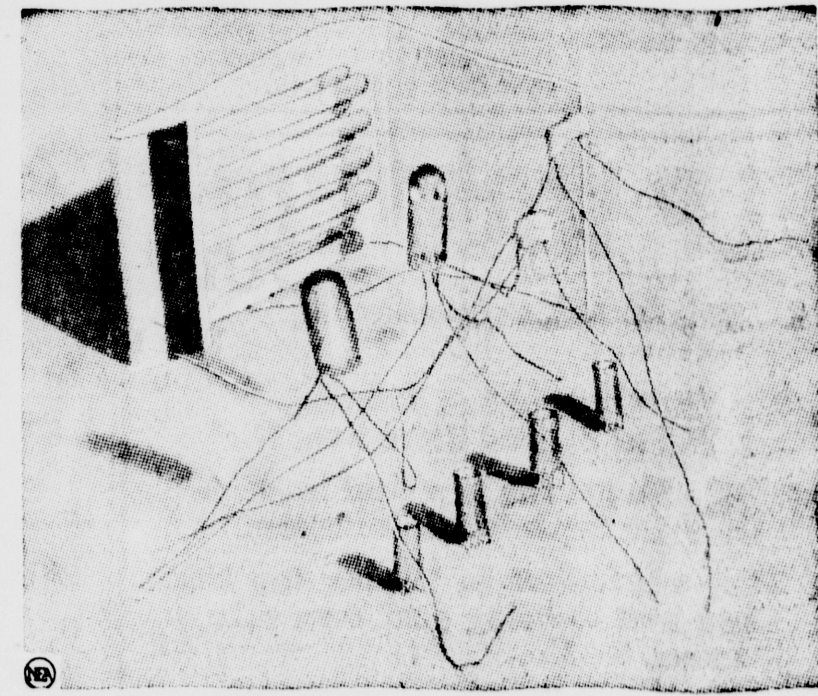

Current, flowing in one of the wires, induces electronic changes in the germanium. These electrons, operating in a controlled pattern, then go to work just as they do presently in a vacuum tube, amplifying and oscillating.

To the average citizen, the transistor may eventually mean many things.

Its first practical appearance is scheduled this year, when it will be used for nationwide telephone dialing in equipment now being made by Western Electric Company.

Transistors may replace tubes in hearing aids, thus eliminating the batteries which are needed to heat the tube filaments.

Because of its small size, the

LIKE MAN-MADE SPIDERS, germanium transistors made by General Electric are almost dwarfed by book of matches.

day of startling gadgets—like very small radios and mechanical brains the size of a desk, not a room—may be near. Already, General Electric engineers have developed an experimental radio transmitter that fits in a vest pocket.

Currently, the transistor has a few bugs in it. It doesn't work too well on high frequencies.

VACUUM TUBE and rival show size of transistor required to do same job as small tube.

which means it's out as far as television is concerned. It is also affected by changes in temperature.

Even so, as Dr. E. W. Engstrom, RCA's vice-president in charge of the laboratories division, says, "As the vacuum tube made possible the modern miracles of radio, television and radar, so will the transistor become a tool with which to open vast new horizons in the electronic art."

It will not completely supplant the vacuum tube, yet. That will be needed for high frequency jobs and other work the transistor cannot handle at the present.

It is the tiny chip of germanium that has wrought this exciting electronic prospect. There are other semi-conductors, like silicon and zinc sulphide, which could be used, but germanium's physical properties are such that it is the best at this early stage of the transistor's history.

The choice has made the producers of zinc very happy. For years, germanium was a nuisance. It occurs in zinc ore in the huge tri-state field—Missouri, Kansas, Oklahoma—and had to be disposed of in the zinc refining process.

But today the Eagle-Picher Co., biggest germanium producer, has a market for the germanium it gets as it turns out zinc. And, since the element is found in such small quantities, it is classed as a semi-precious metal and commands a good price. Germanium now sells for about \$340 a pound, but even this is down from the pre-transistor price, \$4500 a pound.

It takes between 1000 and 1250 tons of ore—about 20 freight cars—to get one pound of germanium. It takes two months before the complex manufacturing process turns the crude ore into the silvery metal that is pure germanium.

Germanium is also found inside chimneys, particularly English chimneys, as a result of the burning of coal. A small deposit, now believed exhausted, of an ore very rich in germanium was discovered at Tsumeb, Southwest Africa. But the germanium recovered as a by-product of zinc refining is still the best industrial source.

Research in the whole field continues. The first transistors were somewhat unreliable; this has been remedied. A new type, called the junction transistor, is a solid piece of germanium encased in a bead about 3-16 of an inch in diameter. It seems to have certain advantages over the original, point-contact transistor.

Electronics experimenters, themselves, have no idea what lies ahead. As one says, "With electronics, today becomes yesterday this afternoon."

We (Americans) have lost that one thing, lacking which, freedom and liberty and independence cannot even exist. That thing is responsibility.—Author William Falkner.

I still won't put any money in those bandits. If everyone would boycott them for 60 days we wouldn't have them anymore.—J. W. Harrison, who lost a Kansas Supreme Court fight to outlaw parking meters.

Good Evening ...

By CLINT DUNATHAN

THE NOISY FOURTH — Unlike the "good old days" the Fourth of July has become relatively quiet.

About the only noise heard on the Fourth in 1952 will be the headon crash of speeding autos on the highways and the screams of the injured passengers.

In the past the Fourth marked the opportunity to set off cannon crackers and other explosive noisemakers. This started early in the morning and lasted until late at night.

Now except for the small and safe fire-crackers and comparatively harmless sparklers the Fourth is safe and sane for most youngsters—unless they are riding around in autos.

There is the possibility, of course, that in violation of state law some young fellows will latch onto bootleg firecrackers. These are usually set off ahead of the Fourth, however, since the exhibitionists attract more attention that way.

AND A BIG PARADE—The Fourth of July parade is also passing out of the picture in most communities.

Today everyone wants to spend the Fourth as a holiday. This often means being out of town. It is difficult to recruit enough talent to ride on the floats. We haven't seen a young lady draped in a white sheet, torch held aloft, representing the Statue of Liberty, for many years.

It is equally difficult to arouse the interest of business firms in sponsoring floats. The cost is high for a few minutes of parade advertising. So gone are the elaborate parades that crawled the length of the main street between rows of flag-waving spectators.

MORN TILL NIGHT—In the old days folks saved their Fourth of July ammunition for the Fourth.

Then they started celebrating early in the morning and continued until late at night. It was a rip-roaring, ear-busting, colorful event marked by long-winded oratory and eventual exhaustion.

Kids would awaken at the crack of dawn on July Fourth and dash outside to set off the first firecracker in their neighborhood. Even some of the older men, harking back to their boyhood, would come out in the early-morning to let loose a reverberating blast from a double-barreled shot gun.

One enterprising old gentleman who lived at the edge of town always set off a stick of dynamite at 5 a. m., rattling windows for miles around.

THE FLAG WAVE—The patriotic speech at the park in the afternoon was a tradition of importance. An oration was considered as less than successful if the speaker could not lick the British at Bunker Hill, grab the torch from the Statue of Liberty, and hold it for at least two hours.

If the band played and the crowd wet its whistle at the hunting draped beer stand, children cried and mothers jumped when firecrackers exploded unexpectedly, the orator was expected to sail on, sail on, O Ship of State without pausing.

The crowd was satisfied if the orator could shout above the other noise and leave a general impression of furious patriotism.

EVENING HOURS — Surfeited with watermelon, speeches and noise in general, the celebrants looked forward to the evening hours as the most enjoyable of the day.

Then the children would gyrate with sparklers clutched in their hands, the women would relax on the porch after doing the dishes, and the men would prepare to set off the skyrockets and Roman candles.

When these had formed their pretty patterns of light against the velvety darkness of the summer sky the day would be nearly over. But then, after the children had stumbled off to bed, there would come one last little fizzle of a firecracker, tossed from an upstairs bedroom window. It was the final effort of a Glorious Fourth.

Power With Words

By Dr. C. E. Funk

TEST YOUR VOCABULARY

From the numbered definitions see if you can select the word of the four that follow which it most nearly defines. Mark your selections. Then compare those which you have marked with the answers below.

- 1.—To tell tales: (a) titlle; (b) tattle; (c) pottle; (d) prattle.
- 2.—Fit for plowing: (a) pliable; (b) friable; (c) arable; (d) plantable.
- 3.—Deserving of blame: (a) placable; (b) palpable; (c) capable; (d) culpable.
- 4.—To evade the truth: (a) quibble; (b) kibble; (c) dabble; (d) dabble.
- 5.—Proned to anger: (a) irascible; (b) fusible; (c) combustible; (d) excitable.
- 6.—Of pleasing disposition: (a) placable; (b) amiable; (c) amenable; (d) amicable.
- 7.—Easily led: (a) tractable; (b) intractable; (c) retractable; (d) tractable.
- 8.—To make a mess of: (a) raddle; (b) diddle; (c) fuddle; (d) muddle.

Answers

- 1.—(b) tattle (TAT-TL); Middle Flemish "taten," gabble.
- 2.—(c) arable (AR-uh-bl, "a" as in "carrot"); Latin "aro," to plow.
- 3.—(d) culpable (KULL-puh-bl); Latin "culpa," fault.
- 4.—(a) quibble (KWIB-l); source uncertain.
- 5.—(a) irascible (ih-RASS-ih-bl); Latin "irascor," to be angry.
- 6.—(b) amiable (AY-mih-uh-bl); Latin "amicus," friend.
- 7.—(d) tractable (TRACK-tuh-bl); Latin "tracto," to manage.
- 8.—(d) muddle (MUD-l); English "mud."

Now and then you see a pro fight where the boxers are evenly matched— but not dollar for dollar.

If you want to make even your friends keep dodging out of your way, just keep tooting your own horn.

Folk who never seem to have a sound argument always are the noisiest about it.

Rapid River

RAPID RIVER—The Rev. Emory Pokrant and family, Kearney, Neb., visited friends in Rapid River this past week. Rev. Pokrant is a former pastor at the Calvary Lutheran Church.

The Rev. and Mrs. Wilbert Johnson and family returned Thursday after spending their vacation in Minneapolis with relatives.

Mrs. Walter Davis, Chicago, visited at the home of Mr. and Mrs. Oscar Johnson last week. Mrs. Davis is a niece of Mrs. Johnson.

Marion Uebriek arrived Thursday to visit with his mother, Mrs. Wilna Uebriek. Marion recently finished his work with the American Bowling Congress in Milwaukee. He is score-keeper while the bowling is on and after the Congress is over, Marion has the job of storing all the equipment.

Frank Hill, Mr. and Mrs. Earl Hill and daughter Roberta, Mr. and Mrs. Lloyd Hill, and son Richard, Grand Haven, Mr. and Mrs. Alec Monk, Paradise, Mich., visited on Wednesday with Mrs. Wilna Uebriek.

Mr. and Mrs. Theodore Uebriek and family have returned to their home in Royal Oak on Thursday after spending a week with Ted's mother, Mrs. Wilna Uebriek.

Mr. and Mrs. Eugene Gendron, and daughter, Sturgeon Bay, Wis., were weekend guests at the home of Mr. and Mrs. Bertil Proehl. Mr. Gendron and Mrs. Proehl are brother and sister.

The Rev. and Mrs. Gerald Bowen and children left Sunday afternoon for Cooks. The Bowens will conduct Bible School classes there for the next two weeks.

Judge William J. Miller returned Sunday afternoon from Big Rapids, after attending a board meeting of Ferris institute.

Infant Is Baptized

Lois Jeanne Proehl, infant daughter of Mr. and Mrs. Bertil Proehl, was baptized Sunday morning at St. Paul's Lutheran Church in Gladstone. Sponsors were Mr. and Mrs. Eugene Gendron, Sturgeon Bay.

Thompson

THOMPSON — Mr. and Mrs. Homer Reduiger of Kalamazoo are spending a 10 day vacation at their summer home in the Bursaw creek area.

Mr. and Mrs. Andy Faketty and children, Kay, Delores, and Bonnie of Muskegon, are visiting at the home of Mrs. Faketty's parents, Mr. and Mrs. Ole Edwardson and Mr. Faketty's parents, Mr. and Mrs. Andrew Faketty of Manistique Heights.

Mr. and Mrs. David Hursh and children of Kalamazoo are guests this week at the homes of Mr. and Mrs. Charles and Floyd Sample, Noel Hursh, and Mr. and Mrs. Harry Hastings.

Newell Hursh, who is visiting his parents, Mr. and Mrs. Joseph Hursh, entered the Marine Hospital on Monday where he will submit to plastic surgery for an injury received last fall in a car accident.

It is believed that the earth's continents are, in effect, islands of relatively light rock floating on heavier substances below.

By carrier: 35 cents a week.

SHE STILL CAN'T BELIEVE IT — Miss Stella Kahn, of New York, prepares to count the \$655 that's now all hers. Stella found \$200 on Fifth Avenue one day, and on the next, found \$655 in a package on a taxi seat. She turned it over to police, but nobody claimed either "bundle."

Isabella

At Installation Service

ISABELLA—Members of Bethany Lutheran Church of Isabella who attended the installation of their pastor, the Rev. G. A. Herbert, as president of the Superior Conference, Augustant Synod, were Mrs. Nick Bonifas, Mrs. Algot Segerstrom, Mrs. Signe Bonifas, Mrs. Harvey Sundin, Mrs. Arvid Sundin, Mrs. Bruce Smith, Mrs. Al Asplund and Mr. and Mrs. John Kallin. The services held at Zion Lutheran Church in Manistique were followed by a supper served in the church parlors by the women of the church.

Picnic Supper Party

A picnic supper was held Saturday evening at Paradise Cabin, cottage of Mr. and Mrs. Arvid Sundin. Attending were Mr. and Mrs. Nick Bonifas, Mr. and Mrs. Bruce Smith and son Terry of Grayling, Mr. and Mrs. Isadore Bonifas, Mr. and Mrs. Harvey Sundin, Mr. and Mrs. Caleb Johnson, Mr. Signe Bonifas and Mrs. Judith Strom.

Briefs

Mr. and Mrs. Vern Peterson and Clifford and Joseph Bourgeois are visiting in Detroit at the home of Mr. and Mrs. Pat Bourgeois.

Mr. and Mrs. John Moberg of Detroit are spending the holiday

Nahma

Markie's Party

NAHMA — Markie Peterson celebrated his fourth birthday with a party at his home on Sunday afternoon. His birthday cake was pink and white and it centered the table when the party lunch was served.

Markie's guests were: Tommie Miron, Stephanie Shafer, Yvonne Gouin, Vicky Phalen, Ricky Mercier, David Anderson, Peter, Jimmy and David Moore, Roseann and Mary Beth Sargent, and Markie's sister, Teenie Peterson.

Mother's attending were: Mrs. James Moore, Mrs. John Schwartz Jr., Mrs. Pat Phalen, Mrs. Albert Mercier Jr., Mrs. Henry Sargent, Mrs. Romeo Miron and Mrs. Cleo Shafer.

Personals

Mr. and Mrs. Edward Olmsted and children arrived Sunday from Glen Elyn, Ill., to visit here with Mr. and Mrs. Fred Olmsted.

Francis Douville of Houghton is visiting this week at the John Schwartz Sr. home. Mrs. Douville and daughter Ann Louise have been visiting here with her parents.

Mr. and Mrs. Claude O'Neil Sr. of Manistique and Mrs. Claude O'Neil Jr. of Nichols, Wis. visited here on Sunday at the Clarence Menary home. They also motored to Iron Mountain to see Claude O'Neil Jr. who is a patient there.

Mr. and Mrs. Eddie Lund and children, Mr. and Mrs. Lou Schaeffli and sons Jack and Andy Paul of Elgin, Ill. are expected

week with Mrs. Moberg's parents, Mr. and Mrs. Arvid Sundin and the Gust Mobergs.

Twin calves were born this week on the Ted Sundin farm.

Burton Peterson, Darla Turan, Nancy Forslund, Rhea Turan and Jean Johnson returned Sunday from Camp Channing where they spent the past four days. They made the trip home with Harvey Sundin.

Bluefin tuna fish grow to weigh 1,000 pounds or more.

Pulaski Park To Be Dedicated On July Fourth

At two o'clock on the afternoon of July 4th, will be the culmination of a dream conceived just 13 years ago by the late Stanley Mroczkowski of Bark River, who organized what is known as the General Casimer Pulaski Club, of Polish - American membership from the surrounding communities.

The club was organized with 25 charter members. Membership now totals 175. Mr. Mroczkowski, who was killed in an automobile accident on November 19, 1939, was the first to advocate that a public park be established near Bark River.

Several times throughout each year, the Pulaski club held dances and other affairs to raise funds to lay aside a fund in bonds for purchase of a parksite.

An option was taken on a parcel of land one mile west of the village of Bark River, from the estate of Mrs. Victoria Koscielniak.

The five-acre park site was donated to the Bark River Township for use as a public recreational area. The park site is located on highway U. S.-2 and 41 at the junction of the Delta and Menominee County line, one mile west of the village of Bark River.

The five-acre parksite, four acres of which is wooded, was given to the township with the stipulation that it be dedicated to the memory of those who served, and that it be used for park purposes only.

Much work has been done to make this parksite a great success. A native stone shaft has been erected at the entrance to the parksite. On this shaft is a bronze plate with the inscription "Dedicated in Living Memory". The more a person reads the

AT NYC'S THROTTLE—William White, 55, above, president of the Delaware, Lackawanna & Western Railroad, will succeed Gustav Metzman as president of the New York Central Railroad Company, Aug. 1. White is a veteran of 39 years of railroading.

Bark River Township Names Park Board

The Bark River Township Board at their regular monthly board meeting named an advisory park board council to operate and regulate the soon to be dedicated Pulaski Parksite, naming Mrs. Albert E. Johnson, Louis A. Wangles and Henry W. Boyle to that body. Interested parties who wish to donate any facility or can offer any suggestion for the betterment of the parksite are asked to contact any member of the committee.

epitaph, is the realization of the frailty of life, but the livingness of this parksite. For those who enjoy picnics, tables and stoves have been placed there for their convenience. Playground equipment has been installed.

In January 1951, the parksite was donated to Bark River township with the stipulation that it be used by the general public and surrounding communities.

Schaffer

Altar Society Meeting
SCHAFFER—St. Anne's Altar Society will meet Thursday, July 3, following Holy Hour devotions. All new members and those who wish to join the Sodality are asked to contact the president. Initiation will be held Sunday, July 27.

Briefs
SCHAFFER—Mr. and Mrs. Arthur Levesque of Danforth and Mr. and Mrs. Joe Levesque left Sunday morning for a week's visit in Chicago.

Mr. and Mrs. Amil Landenberg and children of Marinette visited over the weekend at the John Dault home.

Theresa, Marlene and Louise Chouinard of Chicago are spending the summer vacation at the Frank Chouinard home in Danforth and the Altona Greenwood and Joe Levesque homes here.

Mr. and Mrs. William Slaga and children of Groos and Eva Potvin of Flint visited Sunday at the Richard Potvin home.

Jeannette and Delores Desjardens of Chicago are vacationing with their parents, Mr. and Mrs. Philip Desjardin for two weeks.

Mr. and Mrs. John McInnis and children of Detroit spent the week end at the Stanley McInnis home and are now visiting relatives in Loretto.

The John Dault family visited with Mrs. A. Bureau in Garden Sunday.

Recent visitors at the Frank Moraski home were Mrs. Alice Bartosz and children of Whitney and her niece and two nephews of Chicago.

Mrs. Frank Moraski and Eleanor and Gerald Richer motored to Ishpeming Saturday. Irene Moraski and Marian Sladeland returned with them to spend a few days.

Bernice Taylor of Grand Rapids is vacationing with her aunt, Mrs. Tom Tousignant.

Mr. and Mrs. Homer Seymour and son Robert left Monday for a week's visit with relatives in Chicago. Robert, who spent a month's furlough with his parents

Sales Tax Revenue Shrinks During Year

LANSING — (P) — Sales tax collections in Michigan for the past fiscal year fell off half of one per cent, but were picking up again in the final months of the year.

The state revenue department said the total for the fiscal year closing June 30 was \$246,407,000, a drop of \$1,483,000 from a year ago.

June collections on May retail business totaled \$21,964,000, an increase of three per cent over a year ago.

will continue on to a New Jersey base for overseas assignment.

Irwin Derocher of Pontiac is spending a week at the Eugene Derocher home.

Mr. and Mrs. Ed Taylor, Mr. and Mrs. Tom Bisson and John Pilon left Sunday for a stay at the Pilon camp at Munising.

Betty Sitko of Chicago is visiting at the William Savage home. Marilyn Savage returned with her after a few weeks' visit there.

Mrs. George Pilon and Joyce Taylor visited in Iron Mountain Sunday. Arthur Potvin returned with them to reside at the Victor Auger home.

State Revenue Commissioner Louis M. Nims said the relaxing of federal credit controls resulted in a quick pickup of retail business and sales tax collections late in the fiscal year. Such durable goods items as autos, television sets, ranges and refrigerators showed an immediate gain, he said.

The state cigarette tax produced \$24,163,000 for the fiscal year, an increase of four per cent.

PROVED POINT
To prove effectiveness of the bow and arrow, Dr. Saxton Pope and Arthur Young, both of San Francisco, obtained a permit to shoot five grizzly bears in Yellowstone Park in 1920. Not only was the test successful but, in some cases, only one arrow was needed to bring down the mighty grizzly.

TREMENDOUS

is perhaps the best word to describe the response to our **PRICE CUTTING** ad of last week! We knew the public was waiting for some real, down-to-earth food bargains . . . so we decided to toss 'regular prices' out the window. 'Hooy to high prices', we said, and apparently that's exactly what the public wanted.

At any rate, we are still able to supply you with high quality, bargain-priced foods. And with the **Fourth of July** week end facing you . . . you can **really** save money by stocking up here for those picnics and out-of-town guests. Remember . . . **NORM WANTS TO GIVE YOU A DEAL!**

We list here just a few of the many food bargains we are offering again this week. A handy item for your shelf this week is **Canned Chicken**, Banquet brand, ready to serve 3 1/4 lb can for only **\$1.35**. Chase and Sanborn **Coffee**, drip or regular, is still **\$1.59** for a two pound can; and yellow, quartered **Oleo** is still **5 lbs. for \$1.00**. Santa Clara **Prunes** are going at **29c** for a **2 pound** package. A good picnic item is **Pork and Beans**, Packer Label at **6 cans for \$1.00** . . . and Packers Label **Tomatoes** are the same price, **6 cans for \$1**. You'll need Campbell's Catsup, too, at **5 bottles for \$1**, 14 oz. size. Packers Label green, tender **Peas** are **9 cans for \$1**. **North-ern Tissue** is priced at **12 rolls for \$1**, Bake Rite **Shortening** is **3 lbs for 73c**; large half **Pecans** are **69c per pound**; **Grapefruit Juice** is **5 cans for \$1**, and you can buy **Dill Pickles** at **4 quarts for \$1**.

In our meat department we are featuring Fresh Dressed **Chickens**, country fresh at **39c a pound**; lean **Ground Beef**, excellent for barbecue or hamburger, is only **49c**; and US No. 1 **Wieners** are only **49c a pound**. Again this week we have **Bacon Ends & Pieces** at **5 lbs. for \$1**.

Please remember . . . **WE'RE OPEN FROM 9 to 9 ON THE FOURTH**, ready to take care of your last minute needs. We'll have **home made Potato Salad** and **Baked Beans**, as well as your favorite **chilled beer** and **wine** to take out.

Come in and register for your **free coffee Drip-o-Lator**, to be given away Saturday afternoon. **Free Balloons** for the kiddies, too.

Cracker Jacks and **Candy Bars** are good picnic items . . . buy them now for **5 for 22c**. One final deal for you: Xtra whipped **Salad Dressing**, IGA brand, **full quart for 45c**.

NORM'S IGA SUPER MARKET

Open July 4th, 9 to 9

1130 Steph. Ave.

Inside The Republican Party: GOP Facing Into Most Critical Campaign In History -- Gunther

By JOHN GUNTHER
(Written for NEA Service)

The first thing to say, looking into the exposed viscera of the Republican Party is that this make-or-break campaign is probably the most critical in its history. And for several reasons it differs strikingly from any other presidential campaign in recent years. As to wit:

1. For the first time since 1928 —one could even say 1924—both conventions, not just one, are as open as a sword swallower's gullet. For more than 20 years, the American people have watched the campaigns go into the home stretch with the candidate of at least one party unmistakably visible. But not today. It's a fight at both conventions.

2. For the first time since 1928, neither candidate is an incumbent of the White House. For the first time in six elections, the major issue is not that of re-electing somebody. (Hoover succeeded himself as candidate in 1932, Roosevelt served four terms, and Truman followed Truman in 1948.)

Taft-Ike Battle

3. For the first time since 1936 the Republicans do not know what they will be up against. When FDR and Truman were running the opposition knew exactly whom it had to attack.

4. This will be the first election fought under the full, pitiless, impartial, and terrifyingly-glassy eye of television.

5. Not since the McAdoo-Smith fight in 1924 has there been such intra-party bitterness on either side. The Taft and Eisenhower forces are slugging at each other, within the Republican Party, fully as much as at any Democrat. The Eisenhower people say, "If you nominate Taft it means suicide." The Taft people say, "This is a struggle for survival."

The tactics of Taft supporters in picking pro-Taft men for all top convention jobs show that they take this struggle for survival in a highly personal way and are determined to preserve their party control regardless of the effect upon the election.

6. Not since Gen. Leonard Wood in 1920 has either party considered a military man for president. Not since Theodore Roosevelt in 1901 has a military man become president, and T. R. was not a regular army officer.

7. In a manner of speaking, what is at stake is not merely the presidency of the United States but—the Soviets and their allies excluded—the presidency of the World.

Save Two-Party System

The great overriding advantage the Republicans have, as they see it, is the desire of people for a change. The Democrats have been in power for 20 uninterrupted years and 20 years is a long, long time. The issue goes beyond such obvious items as that the GOP is avid for power or that the Democratic administration is fraying at the edges.

It is not merely, the Republicans say, that Washington imperatively needs a change of face, new direction, and fresher blood. What counts, on a high level, is the survival of the American two-party system. Give the Democrats another four years, and the two-party system might be dead as Ptolemy.

Hence, many independents and some convinced Democrats are expected to vote Republican this year if the GOP candidate is somebody they can gulp down without too much pain, like Eisenhower or Warren.

The overriding Republican disadvantage is in the realm of blunt, cold, and possibly immutable statistics. It is that the GOP, which for more than a generation was the majority party, is now the minority party. Franklin D. Roosevelt, with some assistance from history, changed the prevailing political complexion of this country from Republican to Democratic.

The GOP elephant (until the middle 30's) was axiomatically

INTRA-PARTY BATTLE: The Taft and Eisenhower forces are slugging at each other fully as much as at any Democrat.

considered to be very much bigger than the Democratic donkey. But the elephant has shriveled, and the donkey has cardinally grown.

A recent Gallup poll, working on the basis of an estimated electorate of 55 million, puts the Democrats at 21.5 million, the Republicans at 18.5 million, and independents at 15 million. If a candidate, to win, must get something over 27 1/2 million votes, this means that the Democrats need pick up only 6 million independents, whereas the Republicans must pick up 9 million.

Moreover, in the past five elections, the independent vote has been preponderantly Democratic. No Republican can possibly win unless he makes enormous inroads on either the Democratic or the independent vote. This is not a matter of opinion, but of basic fact.

This, incidentally, serves to make somewhat ridiculous the recent outcries by Taft and others that Democrats have been voting for Eisenhower in Republican primaries, and that this is "immoral" and an "outrage."

If a lot of Democrats don't vote Republican in November, Eisenhower will be back at Columbia, and Taft's address will still be c/o the Senate, not Pennsylvania Avenue.

Tomorrow: The main issues before the GOP.

Hermansville

HERMANSVILLE — Mr. and Mrs. Sid Andrews and daughter spent the weekend in the Copper Country.

Mr. and Mrs. Louis Marana and daughter of Menominee spent Sunday with Mr. Guerin Marana.

PLANNING A PICNIC?

DECLARATION OF DEPENDENCE

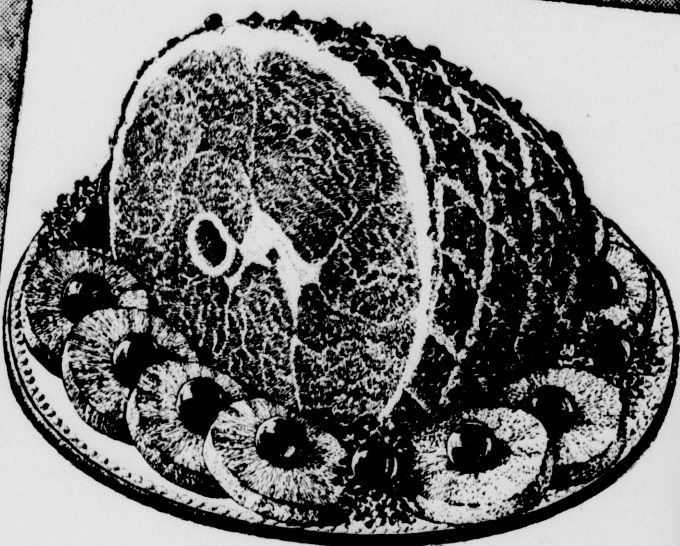

This week marks another anniversary of the signing of your country's Declaration of Independence — the basic principles on which America was founded.

If we may, we'd like to repeat the basic principle on which the A&P was founded: "To provide more and better food to more people for less money."

This policy is A&P's "Declaration of Dependence." We have depended on it for our growth because it benefits our customers. They depend on it, too.

Women Drivers Outsmart Men With Aid of Feminine Wiles

If you are planning to do any traveling in your automobile this summer, you should be fully prepared to meet any emergencies and repairs on the road. Insure safe and happy driving with careful pre-vacation planning. Your life may depend upon it.

By ANNETTE GREEN
NEA Staff Writer

Women are taking to the open roads this summer, and men, as usual, are holding their heads and predicting the outcome will be nothing short of "grim."

If you belong in the category of "female traveler," there's only one way to uphold your dignity and reputation as a woman who knows where she is going and in what.

As soon as you have decided on a destination, have a chat with your garageman. Make it casual. Don't let him know you are really depending upon his advice. Let him think you are holding a friendly discussion.

Ask him in the course of pleasantries to check the wheels for balance. If he has nothing else to do, he might even take a minute to rotate the tires and examine them for cuts, blisters and dangerous tread and sidewall wear. Don't make your request obvious, however. A hint or two should do it.

Next, lean against the radiator with some off-hand comment about leaks and possible stoppages in engine water jackets. After that's taken care of, saunterly slip behind the wheel and start pumping at the brakes.

Brakes Are Handy
Smile sweetly, and remark about adequate fluid and brake lining. After all, there will be times on the road, won't there, when you might want to stop? Throwing out a plank could serve the same purpose as brakes, but it would be so inconvenient to carry.

If you are lucky, it will be rain-

ing the day you visit the garage. Then it won't seem odd that your windshield wipers are madly beating back and forth. After suggesting that he look to see if the wipers are sweeping clean, you might flash your headlights on nine or 10 times with the implication that you suspect potential short-circuits.

As you are pulling away from the station, call back a word or two about checking adjustments on the carburetor and choke, as well as mentioning that he examine the fuel pump for wear.

Your final words might be about checking the timing of the ignition, distributor points, coil, condenser and ignition cables. The spark plugs might be adjusted or replaced, too. Whatever you do, though, remember to be offhand.

Once you and the garageman have "talked" your car into perfect condition, drop the guise and get on with your travels.

If you are an explorer by nature resist temptation. You'll be much safer sticking with known roads. If somehow you find yourself bogged down in a mud puddle in the middle of a deserted country lane, don't tramp on the gas pedal and expect to sail blithely through.

How To Get Out
More likely, you'll go into a side spin and really bog down. Shift into first or second gear instead, and move slowly but steadily. To stop is to sink.

When irrevocably stuck, cogitate, don't accelerate. Get out of your car and reconnoiter. There may be firm ground a short dis-

Powers

JULY 4TH PARK DEDICATION
POWERS-SPALDING—A park which will serve as a memorial to the veterans who have served in the armed forces, will be dedicated on July 4th by the Powers-Spalding Lions Club. The club has been raising funds to build the park by presenting minstrel shows and by other means.

The park is equipped with stoves and tables and has fresh water facilities for picnics. Construction has been started on a dam for the purpose of making a swimming beach on the Cedar River in the park area. Large clearings are being made for playgrounds.

The dedication will be preceded by a large parade in the morning which will end in the park where the dedication will be made by Dr. John W. Towey, superintendent of Pinecrest Sanatorium. A response will be given by a member of the American Legion Post.

There will be games and events for everyone during the day. Plate lunches and sandwiches will be served by the Lions Club and stands have been erected in the

park for ice cream, pop and other refreshments.

The day will be completed with a giant display of fireworks at the ball diamond.

Briefs

Joseph Girard and family of Cleveland are visiting at the home of his mother, Mrs. Elizabeth Girard and with other relatives.

Miss M. E. Peterson is attending a summer course at NMCE in Marquette.

Mrs. William Grau of Milwaukee is visiting here with friends and relatives.

Mr. and Mrs. Bernard Danhieux of Green Bay and Mr. and Mrs. Richard Loeffler, son Wayne of Coleman, Wis., spent the weekend at the Tim Loeffler home.

Mr. and Mrs. John Jackson of Metropolitan were weekend visitors at the F. X. Labre home.

Mr. and Mrs. Karl Frans and daughter Lois of Manistique spent Sunday at the home of the latter's sister, Mrs. Ray Casimer.

Ritters Honored

A number of friends of Mr. and

Mrs. Clement Ritter of Nadeau helped them to observe their silver wedding anniversary by attending a reception given in their honor at the Nadeau parish hall.

Auxiliary To Meet

The regular meeting of the American Legion Auxiliary will be held at the home of Mrs. Martha Kell in Wilson tonight at 8 o'clock. Mrs. Earl Kell will assist the hostess.

Mrs. Nelson's Birthday

Mrs. James Nelson was honored by her friends on her 86th birthday, June 23. Friends called during the day to extend greetings and family members arranged a small party in the evening. Refreshments were served and Mrs. Nelson was the recipient of many lovely gifts.

Birthday Club

Mrs. Roy Harris entertained members of the Birthday Club at her home last Tuesday on the occasion of her birthday. After dinner was served, cards were played with prizes awarded to all winners. Mrs. Harris was presented

with a number of gifts.

Women To Organize

A brief resume of information about the eague of Women Voters was presented by Mrs. Pavaglio of Iron Mountain to a group of 36

interested women of the community who attended a meeting in the high school last Tuesday evening. It is the intention of those who were present to organize at some future date.

POLO'S JAVA

The first definite reference to Java in European literature probably is that of Marco Polo in the 13th century, according to the Encyclopedia Britannica.

Stalin's Secret Army Steals Our Secrets

(Stalin started it almost 30 years ago—his secret army of spies, it fought against us while GI's were dying as Russian allies. It stole A-bomb secrets while we were conveying lend-lease goods to Leningrad. And it's still at work. Here is the background of Stalin's secret army, told by William L. Ryan in the first of three articles.)

By WILLIAM L. RYAN (AP Foreign News Analyst) An international game of "I Spy" is being played around the world today, with life and death as the stakes.

It is difficult to say who is winning. On the surface, the weight of numbers appears to be on the side of world communism.

Perhaps the West makes up in quality what it lacks in quantity. The atom bomb, spawned from the blood and fire of the fiercest struggle in mankind's history, provided the challenge which built the fastest, and possibly the most successful, network of spies that the world has ever known. It is operated from Moscow.

The bomb was only a profound formula on paper when this network had its beginnings. Scientists of many nations sweated through a deadly race to make a mathematical formula burst into terrible reality. The nation first with this awesome weapon would hold vast power.

Long before World War II, scientists worked to perfect new weapons, each more terrible than its predecessor. But the Soviet Union lagged far behind. What it could not develop it decided to steal.

Short on technological know-how, but long on intrigue, the Russians began building a quarter century ago a spy organization which was to reach into all advanced countries and snatch life-and-death secrets that blocked the Soviet path to world domination.

Spy revelations in Canada, in England, in Sweden and in the United States, all linked together in a single pattern which is still developing, are part of a story which had its beginnings somewhere around the year 1924, about five years after the Bolshevik revolution in Russia.

Special Training Lenin, founder of the Russian revolution, was dead. A new dictator, Josef Djugashvili, called Stalin, dominated the Kremlin. Outwardly he spoke of building "socialism in one country." He purged those who spoke of the permanent world revolution, while he dreamed and schemed world domination.

The organization was built carefully. Promising young Communists from abroad were brought to Moscow for special training in a school of the NKVD, the secret police.

Where the new Soviet union was recognized and had embassies, specially trained staffs were sent in for work quite apart from that performed by the ambassadors. In each embassy the NKVD had its representative. There were representatives of the military, the foreign trade commissariat, the political section, all reporting directly to the Moscow headquarters concerned. There was also the Comintern, with headquarters in Moscow, directing the activities of Communist parties throughout

the world. Wherever possible there was a trade mission with diplomatic status, making spy operations easy.

The Communist party was the recruiting agent for the network which was to pour secret information into the Kremlin. Party members and "sympathizers," a special category embracing those who might aspire to party membership, where the principal operatives. Beyond them were the dupes, persuaded they were working for the good of mankind.

The classic pattern was laid bare in Canada when Igor Gouzenko, a code clerk and NKVD school graduate working in Moscow's embassy at Ottawa, revealed to Canadian authorities the existence of a widespread conspiracy to funnel secret and vital information to Moscow.

Gouzenko's defection disclosed "the neighbors," Russian code name for the secret police, began organizing spy operations with native or naturalized Canadians especially trained in Moscow for the task.

Its Greatest Test With World War II rushing to its climax, this network, closely linked with similar organizations in the United States, England and elsewhere, was put to its greatest test.

The operations resulted in such celebrated cases as those of Dr. Klaus Fuchs and Dr. Alan Nunn May, the British atom scientists turned traitor; Harry Gold and Julius and Ethel Rosenberg and their spy activity in the United States; Ernest Hilding Anderson, Johan Fritiof Enbom and the spy network in Sweden; Communist leaders Fred Rose and Sam Carr and the others in the Canadian spy ring.

American calculations are that the activities of these persons advanced the Soviet Union's atomic weapons program by at least 18 months, possibly by much more, and placed in Soviet hands both exact calculations and educated guesses on the subject of atomic weapons progress here.

Investigations in Canada and elsewhere indicate Moscow, over the past 25 years, has built up a fantastic file system which contains information on every card-carrying Communist in the United States, Britain and several other western countries.

The file was built up through the efforts of the Comintern—the Communist international—which was abolished in name by Stalin in 1945—and probably kept up to date through the efforts today of the Cominform and other liaisons between Western Communist parties and Moscow. The information is used by Moscow as a check on any persons who might be employed as agents for spying or other special activities.

No person in any of these countries can do Soviet work without being cleared by Moscow itself. Today in the United States, the Communist party actually is underground. Each of the 40,000-odd card-carrying members is a potential spy or saboteur, regarded by federal authorities as a far greater menace than the Nazi subversion which preceded World War II.

Traitors in U. S. In addition, the FBI says, there are about half a million persons in the United States whom the

SEACYCLE — Clement Nicolleau, in the driver's seat of this water-borne tandem, pedals down the Seine River, at Paris, with the aid of his "catamaran," a pair of floats which will support a bicycle or power cycle. Friction from rear wheel drives a propeller which pushes the craft along at a smart seven knots.

Communists consider trustworthy enough to be classed as "sympathizers," all potentially useful. That means an average of one to every 300 persons in the U. S. The "sympathizer," a classification not lightly bestowed, is a person who might one day be inducted into party membership.

Sometimes a sympathizer finds himself hopelessly entangled "in the net" of Soviet espionage. Sometimes such a person will try to wriggle out of the net. But the disillusioned do not always get away.

The Canadian investigation uncovered one message from "the director" in Moscow to his embassy operatives in Canada, referring to an agent who had become unreliable. It read: "I think it is better to get rid

of him, or turn him over to the neighbors."

Soviet secret police chief Lavrenty Beria and his "neighbors" lose a lot of spies to discovery and disillusionment. But they have plenty of material from which to choose new hands.

Tomorrow: Operation A-bomb.

Controlled Toasting

NEW YORK —(P)— An electronic device has been developed by a regulator company (Minneapolis-Honeywell) to control the toasting process of breakfast foods in order to assure an eye-appeal color in the final product, it has been reported here.

Bizarre House Holds Builder's Whimsies

TAMPA, Fla.—(P)—After 40 years of working on houses for other people, John Ciesla, 62, a retired concrete worker, is building one to suit himself.

Ciesla just indulges his construction whims. For instance, there's a giant clock set in the house's cement finish that has immovable hands set at 11:38. He's not sure just why he picked that

particular time. The house is trimmed in varied shades of yellow, green, blue and red, sprayed over the cement. Green cement vines with big cement flowers run up the sides of the building. The railing posts of the outside steps are adorned with cement heads with caricature-like faces.

Another cement face overlooking the outside stairs has eyes which are really concealed peepholes. And Ciesla is not finished yet.

Mary Ann Burns, Paul David Stack Wed In Marquette

Miss Mary Ann Burns, daughter of Mr. and Mrs. Clarence Burns of Norway, and Paul David Stack, a son of the late Mr. and Mrs. Henry M. Stack of Escanaba, were married in a ceremony Monday, June 30, at 11 a. m. in the rectory of the Cathedral at Marquette. All white summer flowers arranged on the mantel of the fireplace formed the setting for the service.

Bridal attendants were Misses Sally and Loretto Stack, Robert Stack of Lansing and William Burns.

The bride wore a white summer suit with white accessories and an orchid corsage. Her attendants also were in summer suits with harmonizing corsages.

Mrs. Henning Anderson of Norway played the bridal music and accompanied the bride's father who sang "Because" and "The Lord's Prayer."

The wedding breakfast was served at the Northland.

Mr. Stack and his bride are living their home temporarily at the Stack family residence, 738 Lake Shore Drive. The bride is a graduate of Northern Michigan College of Education, Marquette, and her husband received his degree from the University of Notre Dame.

Mr. and Mrs. George M. Anderson, uncle and aunt of the bride, James Tobin, Leo Alperovitz, John Roushoun and Miles Dugener were among Escanaba guests at the wedding.

Today's Recipes

Mrs. Sam Paquette, Bark River Rte. 1, also has sent in her recipe for Lemon Fluff, requested recently.

Lemon Fluff (Serves 10 or 12)
1 can Carnation milk
Juice of 1 lemon
1 lemon rind, grated
2 cups boiling water
1 pkg. lemon Jello
1/2 cup honey
10 vanilla wafers
Chill can Carnation milk for 24 hours. Let honey set in refrigerator 'till it becomes firm. To the boiling water add the package of lemon Jello. Then add the juice of the lemon and the rind and the honey which should be quite solid. Whip the chilled milk until it stands in peaks; add the above mixture to the whipped milk. Whip entire mixture again. Pour mixture into dish and cover with vanilla wafer crumbs. Put in refrigerator until firm. Remove from refrigerator, top each cut piece with a cherry and serve.

THAT WONDER PAIR

AS WE LIVE

Legionnaire Neglects Home and Family for Lodge Life

By Elizabeth B. Hurlock, Ph.D.
Every adult should show an interest in the social and civic life of his community. As far as possible he should make some contribution to the different organizations of the community, in work or money or both. But, there is a limit to which his contributions should go. The man described here has certainly gone far beyond:

(Q) "My husband is 17 years my senior. Well, that doesn't bother me but he is the head of an organization that is very nice to a certain extent. But he just lives 'Legion'. No matter what I want done around the house or what our 7-year-old daughter wants her daddy to do, the Legion must come first, last, and always. He usually says 'I have a meeting', and is gone for hours. He takes the car so I have to stay at home. I belong to the Ladies Auxiliary, but can't go as I have to stay at home with our daughter. I have put up with this for seven years and now am at the end of my rope."

Your husband's work for the Legion is commendable but he has carried it too far. Surely there must be other men in it who can share some of the responsibilities for its work. As head of it of course, he must preside over the meetings. But I am sure they do not have daily meetings.

Why not put your foot down firmly and insist that he assume his duties as husband and father as well as head of the Legion? Insist that he turn over some of the work to other members so he can be with his family part of the time.

If he refuses to do this, hire someone to do the jobs around the house that a husband generally does. After he has paid a few bills for such work, he may decide that it would be wiser to do them himself.

As for the Ladies Auxiliary, you should not give up the fun and recreation. Hire someone to stay with your daughter so you can go to the important meetings or the parties. This you are entitled to, just as your husband feels that he is entitled to attend as many of the Legion meetings as he wishes.

Because your husband is so much older than you, he may find family life with a young child less interesting than he would if he were younger. But that does not free him from his marital responsibilities. See that he fulfills them.

If you have a problem about family or friend, ask Dr. Hurlock to help you. Write in care of this newspaper.

Birthday Party For Joyce Winling

Miss Joyce Winling, daughter of Mr. and Mrs. Leonard Winling Sr., Escanaba Rte. 1, was honored at a party last evening at St. Thomas Hall given in observance of her 16th birthday anniversary. The hall was attractively decorated in pastel colors for the affair. Games and dancing were followed by a lunch with a birthday cake and the traditional birthday candles centering the table. Joyce received many lovely gifts. Assisting the senior Mrs. Winling in serving were Mrs. Leonard Winling Jr. and Mrs. Loren Johnston.

To avoid damage to saucapans from boiling dry or burning, use low heat—as long as food is boiling, you can't hurry the cooking by increasing the heat. If a pan does burn, be sure to let it cool until you can hold your hand on it before you put water into it, or put it in water. If doused with water when hot, metal is likely to warp, enameledware to chip, glassware or cast metal to break. Let a burned pan soak for half an hour or so, then loosen stuck-on food with a wooden spoon.

DOV... lovely fragrances that last!

new Custom Colognes

Four wonderful new scents blended to last—and last! Custom Colognes are always flattering—always as true and fresh as the first whiff out of the bottle. Exotic, Floral, Tailored and Woody fragrances. Custom Cologne Strips, 1.00. Custom Cologne Cream Soaps, 3 to a box, 1.00.

GUST ASP
615 Ludington St.

Virginia Anderson, Clarence Massard Repeat Vows

Miss Virginia Anderson, daughter of Mr. and Mrs. Wesley Anderson of Stonington, and Clarence Massard, a son of Mr. and Mrs. Frank Massard of 1610 N. 18th St., Escanaba, were married at a 10 a. m. nuptial high mass June 28 at St. Thomas Church in Escanaba. Father Patrick Wisneske officiated.

Members of the bridal party were the bride's sister, Joan, who was maid of honor, Rosemary Massard and Shirley Hardy, bridesmaids, Gordon Anderson, a brother of the bride, who was best man, Wesley Anderson Jr. and Bill Rodman, ushers and Judy Ray Barron and James Hardy, cousins of the bride, who served as flower girl and ring bearer.

The bride wore white slipper satin, her gown styled with a net yoke. Her jewelry was a strand of pearls, a gift of the bridegroom, and she carried red roses and white carnations. The bridegroom wore a tuxedo. The bride and groom were identical gowns of net over taffeta in pastel green, orchid and yellow and they carried gardenias and lady slippers.

Mrs. Anderson selected a beige and brown costume for her daughter's wedding. Mrs. Massard wore navy blue. Their accessories were white and their corsages, red roses.

The wedding breakfast was served at the bridegroom's family home and a dinner for the immediate family at Bell's Restaurant. The supper and reception and dance for 300 guests took place at the Alton Hall.

The newlyweds will live at 328 S. 7th St., in Escanaba when they return from a honeymoon in Lower Michigan and Wisconsin. The bride has been employed in Munising and Mr. Massard is with the Escanaba Paper Co.

Mr. and Mrs. Rudolph Ulrich of Ishpeming, Mr. and Mrs. Arvid Olson and Rita of Kenosha, Mrs. Richard McMartin and Pat of Horicon, Wis., Mrs. Gunnar Bjork and John and Jane, Mrs. Peter Arsenault and Allen, Mr. and Mrs. Raymond Schultz, Miss Lillian Schultz, Mrs. Leota Turin and Mr. and Mrs. Louis Champion of Munising were among the wedding guests.

Watch Health During Summer

By ALICIA HART
NEA Beauty Editor

Watch out for the summer cold. It can ruin your vacation, spoil week-ends of fun with your teenage friends, and generally make life miserable.

The best way to approach the problem of the summer cold, is to do everything possible to prevent it. For one thing, don't get into the habit of hanging around the beach for hours in a wet bathing suit. Keep away from people who are already infected with cold germs. Get enough sleep and eat the proper foods.

But if, despite precautions, you still find yourself a victim of sniffles and sneezes, treat your condition just as you would in the wintertime.

First, take to bed for a day or two so that your system will be assured plenty of rest and quiet.

Citrus fruits and juices are absolutely essential to help you through this trying period.

Bar any additional germs by gargling frequently with a safe, effective antiseptic. If you don't show signs of recovery within a few days, better pay a visit to your doctor.

It certainly takes very little effort on your part to prevent colds during the summer months. But how much more you will enjoy yourself, if you stay well.

CROCHETED HEIRLOOM

By MRS. ANNE CABOT

This distinctive runner with full-blown rose file center and sparkling spider-web border will be cherished by you forever. It is fascinating to crochet and most effective in white or ecru.

Pattern No. 2116 contains complete crocheting instructions, material requirements, stitch illustrations and finishing directions.

Send 25c in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT, Escanaba Daily Press, 372 West Quincy, St., Chicago 6, Ill.

Anne Cabot's New Album of Needlework is chock-full of grand designs, plus exciting features and a gift pattern printed in the book. 25 cents.

Return Of Cards For 1942 Class Reunion Is Urged

Members of the 1942 graduating class of Escanaba Senior High School who have not yet returned their reservation cards for the reunion August 2 are urged to do so as soon as possible. To date there have been 141 reservations but there still are almost 100 cards unreturned. It is important that the committee hear from these by July 26 at the very latest. Anyone desiring further information about the 10-year celebration may call Mrs. August Brazeau, 2549R, Mrs. Marvin Johnson, 1400M or Mrs.

Making Plans For Book Sale

Plans for a book sale commencing July 28 at the Ford garage have been completed by the library committee of the Schoolcraft Memorial Hospital Auxiliary, it is announced.

Collection of books for the sale is now underway, and various collection points in the city and county have been established. Persons wishing to contribute books are requested to take them to the collection centers, or contact the collector and the material will be picked up.

All types of books are acceptable for the sale, including pocket size editions, popular and classical set music, and dress pattern booklets. Also desired are pictures and picture frames.

The following collection points have been established:

City—Mrs. Aldred Farley, N. 3rd St.; Mrs. Vilas Young, S. 1st St.; Mrs. Louis Salter, N. 1st St.; Mrs. Ragnar Carlson, Mackinac Ave.; Mrs. Arthur Thorp, Schoolcraft Ave.; Mrs. John Girvin Jr., Michigan Ave.; Mrs. E. J. Thompson, Arbutus Ave.; Mrs. Elwood Taylor, Lake St.; Mrs. Alvin Nelson, Range St.; Mrs. Tony Weber, Maple Ave.; Mrs. Mary Leonard at the Mrs. F. N. Cookson residence, Main St.

County—Mrs. James Wieland, Hiawatha; Mrs. Kermit Wolfe, Manistique township; Mrs. John Stoor, Thompson; Mrs. Leon Rice, Gulliver; Mrs. John Haindl, Cooks; Mrs. C. S. Henry, Germ-fask.

Members of the library committee are Mrs. James H. Fyvie, chairman; Mrs. Ian McKilligan, Mrs. Elwood Taylor, Mrs. E. J. Thompson, Mrs. Helen McGlothlin, Mrs. Ernest Eckland, Mrs. J. Joseph Herbert and Mrs. Dorothy Shipman.

City Briefs

Funeral services for Mrs. Mary Lindstrom, of 730 Oak St., who died June 28, were held at 2 p. m. yesterday from the Messier-Brouline funeral home, with James Almquist, curate at Zion Lutheran Church, officiating. Burial took place in Lakeview cemetery.

During services Mr. and Mrs. Gust Nye sang two songs in Swedish: "Hast-Trones-Lampa-Laridig" and "Rock of Ages."

Pallbearers were Arvid and Leonard Stoor, Ewald and Oliver Mickelson, Sagwald Carlson and Wilfred Mattson.

Kills Self Over New Communist Law

SINGAPORE.—(AP)—A Chinese Communist law designed to bring to an end customary Chinese filial piety has led to the suicide of a pretty Chinese woman here.

The woman hanged herself because she was depressed by a letter from her mother in Red China. Her mother had written that her brother, having married a second time, had invoked a new Communist law which states that each household has to live by itself, and had thrown her aged mother out.

POPULAR SWIMMING SPOT—The quarry pond in Central Park continues to be one of the most popular teenage swimming spots in the Manistique area. Four youths are shown above plunging into the water from rocky ledges bordering the pool.

Swimmers declare that the pool is ideal for swimming, with deep, clean water of the right temperature for exhilarating dips. The pond in places is approximately 40 feet deep, tapering

by degrees to a few feet at its northern end.

For many years Manistique organizations have been promoting the idea of fencing the pond and converting it into a public swimming pool. Progress on the project has advanced to a point where the area has been officially designated a recreational site and a master plan drawn for its development. (Linderoth-Bradley Photo)

Slate 10 Bouts For 4th Show

Ten fast bouts are slated for the Fourth of July boxing program at Hall stadium, it is announced by the Rev. George Pernaski, director of the Manistique Catholic Youth Organization.

The boxing show is scheduled for 8:30 and in addition to the 10 matches will include two bouts, with contestants blindfolded.

The following card is announced: Tommy Hoholik vs. Don Minor, 85 pounds.

Paul Frankovich vs. William McGlynn, 90 pounds.

William Jenerou vs. John Alexander, 100 pounds.

Edward Charron vs. Gary Tufnell, 95 pounds.

Michael Vertz vs. George Philion, 130 pounds.

Don Rodman vs. Gary Weber, 125 pounds.

Jim Lockhart vs. Jim Gould, 110 pounds.

William Oliver vs. Leland Billings, 95 pounds.

Martin Thomas vs. Conrad Letson, 150 pounds.

Henry Lockhart vs. Dick Arrowood.

Each bout will consist of three one-minute rounds.

C. W. Jackson will serve as referee. Other officials are: Judges, John Haindl, C. E. Leonard; coach, Edward Toyra; physicians, Dr. E. J. Brenner, Dr. James H. Fyvie; seconds, Darryl Bertrand, Wayne Tufnell, Harvard Lancour. The referee also will serve as one of the judges.

Announcer, O. J. Schuster. Timer, William J. Cook.

Sharp Rivalry In Westside-Eastside Game Is Expected

Competition is expected to be sharp in the Westside-Eastside All-Star softball game Friday evening at the Court House diamond, it is reported.

The game, scheduled for 6:45, will pit Westside and Eastside players in the City Softball League against each other in a Fourth of July sports feature.

Wayne Tufnell will captain the Westside crew, and Seb Rubick will pilot the Eastside aggregation.

Games and refreshments are listed on the program as well as a special event, details of which will be announced later.

Picnic tickets will be offered for sale next week. The committee in charge consists of Robert Hentschell, Nels Halsey, Earl Cowman, Lawrence Hambeau, Robert Sleeper, Dr. C. L. Novak, Jerome Hoholik, Gerald Mullen and Robert Hoar.

Sportsmen To Hold Outing On July 27

The Schoolcraft County Sportsmen's Club will hold its annual picnic on July 27, starting at noon at the club grounds, it is announced.

Games and refreshments are listed on the program as well as a special event, details of which will be announced later.

Picnic tickets will be offered for sale next week. The committee in charge consists of Robert Hentschell, Nels Halsey, Earl Cowman, Lawrence Hambeau, Robert Sleeper, Dr. C. L. Novak, Jerome Hoholik, Gerald Mullen and Robert Hoar.

Briefly Told

Confirmation Class—The confirmation class of St. Alban's Episcopal Church will meet in the church Thursday at 7:30 p. m.

Monthly Meeting—The regular monthly meeting of the Bethel Baptist Church will be held tonight at 7:30 in the church.

Sewing Committee—The sewing committee of the Hospital Auxiliary will meet in the Schoolcraft Memorial Hospital Thursday from 1:30 to 3:30 p. m.

Extension Club—The Manistique Home Extension Club No. 1 will meet tonight at 8 o'clock at the home of Mrs. Arthur Saunders, 359 Lake St.

Children's Parade—Youngsters entering the Fourth of July children's parade are requested to report at Triangle Park not later than 10:15 a. m. Friday. Every child is requested to appear in costume.

Legionnaires—Members of the Manistique American Legion post are requested by Commander William Cowman to report at the Legion hall at 8:30 a. m. Friday in preparation for the Fourth of July celebration. Legionnaires will be asked to distribute printed programs, help with traffic and perform other services to aid in conducting the event.

Bodies Shipped—The bodies of Ward F. Wills, 72, and his wife, Minnie Wills, 68, were shipped Tuesday evening to the Hall funeral home in Grants Pass, Oregon. They died in the Schoolcraft Memorial Hospital Sunday afternoon from injuries received in an auto accident Saturday. The bodies were prepared for burial by the Messier-Brouline funeral home here. He was born Dec. 12, 1870, in Buffalo, N. Y., and she was born March 16, 1884, in Grand Rapids. Burial will take place at their home town of River Rouge, Ore.

Attended Funeral—Out-of-town relatives and friends who attended the John Soligny funeral were Mr. and Mrs. Thomas Mick, of Fraser; Mrs. Francis Casper, of Detroit; Mrs. Agnes Smolinski, of Posen; Mrs. Gusta Smolinski, John Stafford and Mr. and Mrs. Bernard Kline, of Alpena; Mr. and Mrs. Richard Haack, of New Ulm, Minn.; Mrs. Mary Young, of Ontonagon; Mr. and Mrs. Byron Zielbeck and Mr. and Mrs. Frank Zielbeck, of Grand Rapids; Mr. and Mrs. Pat Quinn, of Gladstone; Mrs. Francis Bjorkquist, Walter Bjorkquist and son, Harold, Mr. and Mrs. Havor Royer and family, Mr. and Mrs. Oscar Pascal, all of Escanaba; and Mrs. Sam Fontecchio, of Chicago.

Bird-Watching Season Ends With Big Flight

CLEVELAND.—(P)—The bird watchers, 300 strong, had their final fling of the season recently when they glimpsed the northward flight of birds to nesting grounds.

In the six-weeks season, 182 species of birds were seen, Harold E. Wallin, curator of education at the Cleveland Museum of Natural History, reported. Thirty-one of a possible 33 warblers were also noted.

Second Concert To Be Thursday

The Manistique Municipal Band will present its second open air concert of the season Thursday night at the Lincoln school lawn, beginning at 8, it is announced by Ferd Gorsche, director.

The opening outdoors concert was offered last week on the Court House grounds.

The following program will be presented: Star Spangled Banner, Smith-Key.

Yankee Division March, Clement.

Say It With Music, Berlin.

First Battalion March, Crosby.

The Waltz You Saved For Me, Kahn-King.

Lust Spiel, arr. Roberts, Keeler-Bela.

National Salute March, St. Clair.

A Dream is a Wish, David-Hoffman.

Big Brass Band, Hillard-Sigman.

Slim Trombone, Fillmore.

Lights Out March, McCoy.

America.

Street Sports Are Attraction

Fourth of July street sports, always a popular attraction for Manistique youngsters, will be conducted in three sections on the Fourth afternoon, it is announced.

Prizes of \$2, \$1.50 and \$1.00 are being offered to the first three place winners in all events except the penny scrambles in which youngsters will battle it out for \$5 worth of pennies.

Street sports will open at 1:30 on Deer street between Second and Third streets, with the following events scheduled:

Boys' three-legged race, under 10 years

Boys' three-legged race, 10 to 14 years

Girls' race, 10 to 14 years

Boys' sack race, 10 to 14 years

The next section of the program will be shifted to Deer street between Mackinac and North Houghton avenues, with the following events slated:

Girls' race, under 10 years

Boys' sack race under 10 years

Boys' race, 10 to 14 years

Girls' race, 10 to 14 years

Pie eating contest

Penny scramble

Eastside street sports will follow on South Cedar street between Walnut and Oak streets.

The following events are listed: Boys' three-legged race, under 10 years

Boys' three-legged race, 10 to 14 years

Girls' race, 10 to 12 years

Boys' sack race, 10 to 14 years

Pie eating contest

Penny scramble.

Urge Keeping 4th Floats For Parade At Firemen Confab

Firms, organizations and individuals entering floats in the Fourth of July parade Friday are requested to preserve them until the Upper Peninsula Firemen's Tournament here on August 6, 7, 8 and 9, it is announced by Clarence Thorell, firemen's parade chairman.

The tournament parade is expected to be one of the highlights of the annual firemen's meeting, with approximately seven bands taking part. Prizes are being offered for floats.

"We want all the local floats we can get to enter our parade," Thorell said. "So if any one has built a good float for the Fourth, don't tear it down; keep it for another month for our big tournament procession."

The children's parade will be held immediately following the main procession.

Reduce Speed Over Fourth, Police Warn

Law enforcing officers of Schoolcraft County—state police, city police and the sheriff's department—again are stressing the need for care and caution on the highways and county roads over the Fourth of July weekend if traffic accidents are to be kept at a minimum.

"The appalling toll of motor mishaps can be reduced sharply if drivers will cut their speed and use a little more common sense on the roads," officers point out.

Declaring that two out of every five fatal accidents are caused by speeding, officers are urging motorists to observe the following simple traffic precautions during weekend traveling:

Keep your speed down. No urgency can justify an excessive

speed which could result in a smashed car, personal injuries or death.

Observe Yellow Lines

Keep at least 100 feet behind the car ahead of you. This will give you time to slow your speed without slamming on the brakes hurriedly and causing a dangerous skid, especially if the road surface is wet.

Observe the yellow lines. Don't pass on upgrades or curves where you can't see oncoming traffic.

Don't pass until you are sure of sufficient clearance. One ill-timed chance can lead to disaster for you, your family and others.

Always watch the other motorist. His carelessness can involve you in a crash.

If your tires slip off the pavement, don't try to swing back on immediately. Let your wheels run on the shoulder until your speed is slowed.

Watch Other Drivers

Watch for careless motorists popping out of sideroads without stopping. Many accidents have been caused by cars entering the highway without halting at the intersection.

State police, in particular, pointed to the weekend of disaster Saturday and Sunday on US-2 east of Manistique as an object lesson for those taking to the highways over the Fourth.

"In the heavy volume of traffic expected during the holiday, speeding and careless driving can be fatal," officers state. "Play it safe—use common sense."

No midget or mite games have yet been booked.

Approximately 25 juniors are practicing daily at the fairgrounds along with about 50 mites and 50 midgets.

The youth baseball program is under the direction of the Manistique Recreation Commission, with Director T. H. Reque in charge.

Fourth Parade To Be Held At 1 P. M. If Rain Falls In Morning

In event of rain on the morning of July Fourth, the commercial parade will be postponed until 1 p. m., it is announced.

Beard Growers Vie For 'Best' Prizes
BLOOMSBURG, Pa.—(P)—The sesquicentennial celebration in this community promises to produce an excellent and varied crop of beards.
Prizes will be offered at the climax of festivities this month for the best General Grant beard, the longest, the reddest, the most comical and the neatest beard.
Other awards will be made for the best "mutton chops" with a mustache, the best goatee, the longest handle-bar mustache, the best Van Dyke beard, the best Gabby Hayes beard and the bald-headed man with the longest beard.
There's also a prize for the man who tried the hardest but failed to produce.

Glenn Caswell

In This Corner

With Roy Crandall

"Escanaba has the best baseball organization in the Upper Peninsula and one of the best in the entire state," commented Bert Carlson, representative of the Cleveland Indians who is in Escanaba to lay preliminary plans for the big league baseball school here next week. Carlson was referring to the organization of the baseball program in this city which provides activity for boys from eight to the early 20s. Included in that program are three recreation leagues, Little League, Pony League, American Legion Junior teams and the Bears of the Tri County.

Carlson, former Rapid River resident now making his home in Lower Michigan, said that many cities of similar size downstate have very little to offer in the way of baseball for youngsters. "The Cleveland Indians people have heard and read much about Escanaba's baseball program and are interested in making your city its permanent baseball school headquarters," he said. "Several other cities in the Upper Peninsula have made a bid for the Cleveland school in the future, but the boss (Latimer Placek) prefers to return to Escanaba," Carlson declared.

We may be a little premature on this angle, but Carlson indicated that the big leagues are crying these days for young first basemen and catchers. We don't doubt that all the first sackers and backstoppers at the school here will get a microscopic inspection by the Cleveland scouts. That, of course, doesn't mean that players in other positions will be ignored.

Escanaba should be a natural for the baseball school geographically speaking. Besides the wealth of talent to draw upon from this city, there are numerous good teams and players in the surrounding area. Bay de Noc League teams are expected to provide a large number of players for the school and the Tri County should furnish more than a few. If number of candidates means anything, the school should be a success.

Bears Lineup Set For Manistique Exhibition

The Escanaba Bears, sharing a three-way knot at the head of the Tri County baseball league, will play their first exhibition game of the season on the Fourth of July at Manistique.

In the Manistique Cardinals, Escanaba will be facing the top team in the Bay de Noc loop. Manistique took over the Bay de Noc lead last Sunday by bumping Trenary from the undefeated class.

Manager Jack Beck's young team will be almost intact for the exhibition clash. Only regular missing will be Babe Kleiman, heavy-hitting first baseman.

Either Fred Boddy, southpaw, or Jack Chriske, the Bears' ace right-hander, will get the starting assignment for pitching duty against the Cardinals.

Both of the young chuckers had perfect records for the Escanaba High School baseball team this spring and Chriske has been undefeated in Tri County League play since joining the Bears.

The pitching chore for the exhibition game may be divided between the two and Dick Cass, another youngster, also may get in to the act. And if that isn't enough pitching strength for the Bears,

Red Krieg will be on hand for action.

Chriske is slated for pitching duty Sunday against Felch in the Tri County League game at Escanaba and will not be called upon to pitch the route against Manistique.

With Kleiman unavailable for

SAVE CARLSON

Regular hurler Don Carlson will not see action against the Bears Friday as Manager Fred Lesica announced today Carlson will pitch for the Cards against the Bay de Noc all-star team in Sunday's clash at Manistique. Manistique's starting lineup will be announced tomorrow.

this game, the Bears' infield lineup will be modified but Jim Nyquist will get the catching assignment. Others who will be in the Bears starting lineup will be Pete Kutches, John Martinac, Bob L'Houillier, Paul Gunderman, Tippy Larmay, Ed Lindquist and Dick Whitney.

Manistique is expected to field its regular lineup in which Don

Opposition For All-Stars May Come From Tri County

If present plans materialize, it will be the all-stars against the all-stars as the climax to the three-day Cleveland Indian baseball school here next week.

The Cleveland scouts, headed by Director of Scouts Latimer Placek, will select an all-star team from among the candidates at the camp. Exceptional players at all positions will be named to the squad.

Tri County League officials have evidenced interest in providing the team which will furnish the Cleveland all-stars their opposition in the game.

May Call Meeting

Complete details have not yet been ironed out, but league officials have indicated that a meeting of Tri County managers may be held to help select an all-star team of players from the Tri County who will not be attending the Cleveland school.

Such a team is a distinct possibility as far as talent is concerned. There are a number of veteran Tri County players who would be available for action against the Cleveland school stars. Whether these players can be assembled for the game remains to be seen.

The three-day school will open next Wednesday at the Escanaba

city diamond. Workouts will be held in the morning and afternoon Wednesday, Thursday and Friday with the all-star games climaxing the school Friday evening.

Evening Workouts

If there are enough boys to warrant holding a third practice session each evening from 6 to 8, such a workout will also be scheduled.

The extra evening workout is planned if a large number of boys are unable to attend the two day-time sessions. Bert Carlson, Cleveland representative, said there must be at least 20 boys at the evening workouts to make it worthwhile, however.

The Cleveland school, first ever to be held by the Indians in the Upper Peninsula, is expected to draw young players between the

Marinette Tips Al's Legion 4-3

MARINETTE — (Special)—Al's Bark River Legion Junior baseball team fell 4-3 here last night under the lights, the Marinette Legion club pushing a run across in the bottom of the ninth to break a 3-3 tie.

Marinette hurler Bunda limited Al's to four safeties, including a triple by Fred Boddy, Al's moundsman. Bunda walked only one and fanned three.

Boddy allowed six hits, three in the sixth inning in which Marinette scored a pair of runs, and fanned an even dozen. A pair of singles in the last of the ninth provided the winning run.

Flag Tourney To Be Conducted July 4 At Escanaba Club

A traditional 18-hole flag day tournament will be conducted for members and guests at the Escanaba Golf club Friday, July 4.

The tournament is conducted in this manner:

Each golfer is equipped with a small flag. He takes his handicap plus the 18-hole par of 72 and plays as far as he can with that accumulation of strokes.

For instance, a man with a handicap of five for nine holes would have 10 for 18. That plus par 72 gives him 82. He tees off and wherever he uses his 82nd stroke, he plants his flag.

"This is always an interesting tournament, and we look for a big turnout for this event Friday," Eddie Ernst said this morning.

Softball

Wednesday—Pony League game at Memorial at 5:30; Als Tavern vs. Clairmont N. at Memorial at 7:15; Harnischfeger vs. Phils and Evs at Memorial at 8:45.

Packers Sign TCU Fullback Bob Floyd

GREEN BAY, Wis. — All-Southwest Conference fullback, Bobby Jack Floyd of Texas Christian University, has signed a Green Bay Packer contract for the 1952 season. The announcement was made today by Head Coach Gene Ronzani.

Floyd was selected as 15th choice by the Packers in the college draft.

He fullbacked the TCU team the past two seasons, leading the team in scoring in 1950 and received All-Southern Conference honors last year, in a conference spotlighted with powerful running and passing teams.

The rugged Floyd, stands 5'11" tall, weighs 210 pounds and is 32 years old.

National League umpire Lou Jordas was a catcher in the Georgia State League in 1913-14.

Marathon For Relief Hurlers

CLEVELAND — (AP)—Southpaw Lou Brissie hurled nine scoreless innings and then gave up one run. Old Satch Paige, who had pitched ten scoreless frames in a row, weakened and gave up two runs.

That was the nineteenth inning finish of a firemen's marathon in Cleveland stadium last night, won 4-3 by Brissie and the Indians over Paige and the St. Louis Browns.

It moved Cleveland from fifth to third place.

"I could have gone several more innings," said the veteran Brissie.

First Decision

Being a relief pitcher, he hasn't thrown as many as nine straight innings for more than a year. It was his first decision of the season.

Hank Majeski's pinch single broke up the ball game.

Asked whether he always hit well against the ageless Negro hurler—who was an Indian the year the Tribe won the pennant—Majeski replied:

"Nobody hits well against Paige. I just got up there to battle him, that's all I did."

Bob Feller and Ned Garver had a pitching duel for the first eight innings, when Cleveland led 2 to 1. Each had allowed only three hits and one earned run.

Going into the ninth inning, Gene Bearden, like Paige an Indian back in 1948, went in as a pinch hitter for Garver and the trouble started when he singled to right. Jim Dyck, running for

ages of 16 and 22 from throughout the southern part of the Peninsula. An enrollment of near 100 is anticipated.

Plans to arrange overnight lodging for out-of-town boys have been dropped. Officials felt that most of the players would prefer to return home each day.

White Birch In Tie For First

White Birch slugged out an 8-4 victory over Harnischfeger last night to move into a tie with the Harries at the head of the American League softball standings.

White Birch batsmen reached Leslie Kamine for eight hits. Wally Marengier belted a pair of doubles, Don King and Roger Miron both had two for three and Pee Wee Marengier poled a three-run homer in the last of the sixth when White Birch held a slim 6-5 lead.

Fran Lancour went the route on the White Birch hill and held Harnischfeger to six hits. One was a two-run homer in the fifth which put the Harries ahead 4-3. Lancour fanned one, Kamine four.

In the preliminary game No. Names measured the Dells 6-2.

Al's Tavern subdued Escanaba Township 15-2 behind three-hit pitching by Chuck Gouin.

Blues Pound Eight More Four-Baggers

(By The Associated Press)

The Kansas City Blues continued their amazing home run production line in the American Association Tuesday night, turning out eight against Minneapolis to total 25 in their last five games and amass 116 for the season.

The Blues downed the Millers 16-11 with these sluggers spraying four-baggers: Vic Pover and Bill Rennagot two each; Bill Skovron, Fenton Mile, Kal Segrist and Pitcher Wally Hood, one apiece.

League-leading Milwaukee kept a two-game profit over Kansas City by handing St. Paul its 13th defeat in 15 games with the Brewers, 6-4.

Indianapolis walloped Charleston twice, 10-3 and 11-1. The only thing Charleston fans had to cheer about was the paid attendance of an overflow crowd of 6,091.

The Indians scored nine runs in the opener in two consecutive innings. They bombarded 15 hits in the nightcap, including homers by Al Smith and Quincy Houder.

Al Curtis stifled Columbus with four hits to steer Louisville to a 5-3 decision. Kurt Krieger absorbed his eighth loss and sixth in a row.

Cleveland Arena Set For NHL Conditions

TORONTO — (AP)—Four officials of the Cleveland, O., Arena, home of the Cleveland Barons, were in Toronto today to meet with the National Hockey League's board of governors.

Before they left Cleveland yesterday, the officials indicated the National League can no longer deny admission to the American Hockey League Club. They said the Cleveland Arena has met all conditions required to get the Barons in the National League.

The four officials are Dick Kroesen, president of Cleveland Arena; Ray T. Miller, special counsel; Jim Hendy, general manager; and Bill Lavery, comptroller.

Clark Griffith, owner of the Washington Senators, managed and pitched for the New York American league team in 1903 when they were called the Highlanders.

BACKSTOP — When Matt Batts was removed to the disabled list with an ulcerated colon, Cliff Mapes was brought in from center field to ease Detroit's catching shortage. The former Yankee and St. Louis Browns' hand caught in semi-pro ball. (NEA Photo)

Name Bay de Noc Stars To Face Cards Sunday

League managers last night named a 16-man star team from the Bay de Noc Baseball league which will oppose the Manistique Cardinals in the annual all-star clash at the Card diamond Sunday afternoon at 2:30.

Outstanding players from each of the seven Bay de Noc teams were selected to oppose the league-leading Cardinals. Manistique won the right to face the all-stars by defeating Trenary 4-2 Sunday to take over the top spot in the standings.

Andrew Hytinen of Trenary will manage the all-stars, assisted by Carl Van Remortel of Fayette. All-stars selected were as follows:

Jack Morin and Shaffer of Garden, Virgil Pizzala and Wayne Van Remortel of Fayette, George Anderson and Gorman of Rapid River, Charley Camps and Joe Richards Jr. of Perkins, George Brown, Joe Begovac and Johnson of Trenary, Gaylord Swagart, Bert Lund, Orville Olson of

Cooks, Lyle LeCaptain and another unnamed player from Correll.

Three neutral umpires will handle the game. Two of the officials named were Pup Rangnette of Fayette and Victor Thibault of Nahma.

Manistique's lineup will be bolstered by the return of Marvin Frederickson, University of Michigan student, who will resume his outfield post.

Star pitcher Don Carlson will be on the mound with Dick Makiren behind the plate. Remainder of the lineup will be at full strength.

Czech Drobny To Face Flam

WIMBLEDON, England.—(AP)—Herb Flam of Beverly Hills, Calif., the lone American men's survivor, today meets Jaroslav Drobny, the cat-footed Czech, for a place in the finals of the All-England lawn tennis championships.

Drobny, 31, veteran of a thousand tournaments, will be spotting Flam eight years. If the heat that has smothered this huge tennis bowl for the last few days, continues it might put the emphasis on youth.

Flam has developed into a tireless retriever. Slam one into a corner and the youngster gets on his scooter and taps it back over the net. Drop one in the service court and he races forward to lob it safely with the tip of his racket. Try to pass him and he sticks out his racket to send the ball ping-pong back along the sidelines.

Two young Australians, 24-year-old Frank Sedgman, and 22-year-old Mervyn Rose, meet in the other semi-final. The survivors will clash for the title Friday.

The American women set up an all U. S. semi-final bracket for Thursday by brushing off the last "outside" opposition yesterday. However, defending champion Doris Hart of Coral Gables, Fla., won't be among them. Mrs. Pat Todd of La Jolla, Calif., ousted Mrs. Thelma Long of Australia, in a three-set match, 5-7, 6-2, 6-0.

"Little Mo" was in her best form to date as she swept through the last nine games in a row. She will meet Shirley Fry of Akron, O., whom she beat in the American finals last year. Miss Fry defeated Mrs. Jean Walker-Smith of England, 6-3, 6-3.

In the pistol events, chief hopes are Master Sgt. Heulet Benner of Fort Cobe, Panama, world record holder in the rapid fire, and Harry Reeves, Detroit policeman who ruled the U. S. pistol ranks for years. A good new prospect is Marine Sgt. Bill McMillan of Turtle Creek, Pa., 24 years old.

Lt. Arthur Jackson, an Air Force man from Brooklyn, is rated a good bet in the rifle, with a chance conceded to Dr. Wallace Swanson, Minneapolis dentist. Sweden, Switzerland and Argentina are figured best in these specialties.

The fencing team has lost two valuable members of the 1948 squad—Maria Cerra Tishman, second in the foils, now married and Norman Lewis of New York, an epee finalist, who couldn't leave his business.

FIGHTS LAST NIGHT

Miami Beach: Bobby Dykes, 152½, Miami, outpointed Ralph Zamelli, 152, Providence, R. I., 10.

Los Angeles: Ramon Fuentes, 148½, Los Angeles, stopped Woody Harper, 149, Oakland, Calif., 5.

Salt Lake City: Jack Nelson 184, Tooele, Utah, knocked out Marvin Baker, 187, Visalia, Calif., 2.

Brooklyn (Fort Hamilton) Joey Klein, 148½, New York, outpointed Ritchie Reed, 148½, White Plains, N. Y., 8.

Stafford Springs, Conn.—Vic Cardell, 148, Hartford, outpointed Charles "Machine Gun" Thompson, 145, Boston, 10.

San Jose, Calif.—Eddie Chavez, 139, San Jose, outpointed Serge Ceustermans, 139, Paris, 10.

More Contestants Called For Queen Program On July 4

Wanted: a queen for Escanaba. The call was out today for more young women to enter the city's queen contest on the Fourth of July from which "Miss Escanaba" will be selected to represent the city at the U. P. State Fair.

The only contest qualifications are that the young women be garbed in bathing suits or sports wear. Judges will choose the queen on the basis of beauty, poise and personality.

Queen candidates can file their entry with Art Petersen at the city recreation center.

Farmer Admits Fatal Beating Of Brother

MORLEY, Mich.—(P)—William Wilcox, 61-year-old farmer, admitted beating his 62-year-old brother to death Monday in an argument over which brother worked the hardest on their farm.

Meecosta county prosecutor Russell Johnson said Wilcox admitted slaying his brother, Albert, whose body was found Monday night on the floor of the farm house the two men shared. Wilcox was arrested yesterday.

Wilcox told sheriff's deputies he beat his brother to death with his fists. The prosecutor said the two brothers apparently had been drinking.

Albert Wilcox was unmarried. William's wife, Dorothy, was in another part of the farm house at the time of the quarrel.

Hvde

HYDE — Mr. and Mrs. Robert Scott and family of Frasher, Mich., are spending a week at the home of Mr. and Mrs. Rudy Porath. Mrs. Scott is a sister of Mrs. Porath.

Pictures Show Red Electrical Plants Wrecked In Korea

TOKYO.—(P)—The U. S. Air Force said tonight hydro-electric plants in Communist North Korea were bombed because "they were supplying electricity" to Red war plants producing weapons being used against U. N. troops.

The power plants had remained untouched by the Allies for two years of war. Much of the power they produced went to Manchuria.

Photographs released tonight showed widespread damage to 13 plants. The Air Force said the photographs established that the plants were knocked out.

More than 500 Air Force, Marine and Navy war planes hit the installations June 23. The attacks continued three more days.

The Air Force said it had been determined the plants were supplying the electricity used in Communist factories producing weapons, weapon parts, ammunition and other military supplies being used against U. N. troops.

Lions And Ladies Hear Major Adams

Approximately 70 Lions and ladies of the Escanaba and Rock Lions Clubs attended the joint meeting at the Sherman Hotel Monday night at which Major Adams of Detroit was the principal speaker.

Major Adams outlined defense problems in Asia and also described conditions in Asia, where he served for a number of years.

The Escanaba string ensemble, directed by Mrs. Clara Somers, played the musical program.

Seney

SENEY — Miss Sue Ketola has returned to Racine, Wis., where she is employed.

Mr. and Mrs. Roy McDowell and Mrs. Alvin McDowell visited Sunday in Escanaba with Alvin who is a patient at St. Francis Hospital.

Visiting at the home of Mr. and Mrs. Sid McArthur are Mr. and Mrs. Don McArthur and children of Otter Lake who will be here for a week.

Mr. and Mrs. Harold Poppin from Sycamore, Ill., were visiting over the weekend with her parents, Mr. and Mrs. B. Furst.

Mrs. Jack Mitchell, Mrs. Nettie Miller and Mrs. Charles Smith were Manitowish callers Saturday.

Bruce McArthur is a patient at the Tahquamenon Hospital in Newberry.

Mrs. A. Nelson visited over the weekend with her son and daughter-in-law, Mr. and Mrs. Norman Nelson, Gould City.

Eino Pelkie and Clare Gonser have filed petitions for the office of school trustee. Election will be held July 14 at the school.

Mrs. Furst's Birthday

Mrs. Bert Furst was the guest of honor at a surprise birthday party given by the Home Extension Club at her cottage on Driggs Lake, last Tuesday. The afternoon was spent in card playing, swimming and fishing, after which pot luck supper was served. Mrs. Furst received many lovely gifts.

Fayette

FAYETTE—Mr. and Mrs. Milton Jacobson and daughter Greta Gay left Friday to spend several days with relatives in Detroit.

Jule Ann Farley, daughter of Mr. and Mrs. Orville Farley left Tuesday for Bay Cliff to spend six weeks at the summer camp there.

Edward Stewart Is Jailed For Larceny

Edward Stewart, 17, of 517 First Ave. N. today pleaded guilty to a charge of larceny of babbitt metal from the Chicago & North Western Railway company and was sentenced to 30 days in jail. He was arrested June 24 by Escanaba police.

Stewart was also sentenced to pay a fine of \$5 and \$2 costs on an old speeding charge; and \$1 for failure to have the license plates illuminated on his car, a ticket dating back to 1951.

Malik Set To Veto Germ Warfare Quiz In United Nations

UNITED NATIONS, N. Y.—(P)—Russia's Jacob A. Malik began a sidwain strike today against debate on U. S. demands for an impartial inquiry into Communist charges of germ warfare in Korea.

But the Soviet delegate to the Security Council promised he would veto the American proposal when it comes to a council vote.

Calling his new tactic non-participation, Malik told the council yesterday he would not speak during debate on the U. S. demand, but would block the American-proposed investigation with his big-power veto.

The council was to continue discussion of the germ warfare question this afternoon.

By not walking out—as he has done in the past—Malik will be around to vote and veto.

Chicago Prices

Salable sheep 1,000; general trade lower; all classes about steady; no top spring lambs included in supply; few choice spring lambs 28.50; load mostly choice old-crop lambs 24.50 with yearlings out at 2.00; few odd head and choice ewes to 7.00; small lot cull ewes 5.50 with good heavy ewes 5.00 down.

Circuit Judge Dies; Native Of Newberry

LAPEER, Mich.—(P)—Circuit Judge George Wellington Des Jardins of the 40th Judicial District died late yesterday at the age of 57.

Death came to the jurist in St. Joseph hospital in Flint where he was taken Monday night. He had been in failing health for a year and under treatment for cancer.

Judge Des Jardins was completing his second term and had served on the bench for the last 11 years. His district is made up of Lapeer and Tuscola counties.

Widely known among Michigan judges and attorneys, Judge Des Jardins served as first vice-president of the Michigan Judges Association. He was active in Republican politics and civic affairs.

He was born Dec. 12, 1894, in Newberry, Mich. The family moved to Bad Axe and became established here in 1907. He was graduated from Lapeer high school in 1912 and from the Detroit College of Law in 1915. He practiced law here after serving in the armed forces for 19 months during the first World War.

Floods Fatal To 10

TOKYO.—(P)—Heavy rains in Western Japan the past two days caused the death of ten persons and flooded 9,632 houses, provincial police reported today.

at their cottage here.

Visited at the Trudell home during the weekend were Mr. and Mrs. David Trudell and Abraham Trudell of Oconto Falls, Wis.

Bobby Trudell of Crystal Falls is spending the week with his grandparents, Mr. and Mrs. William Trudell.

L & R SPORT SHOP

Extrude Outboards, Sales & Service

1209 Lud. St. Phone 2284

Captain Easy

Wall Street

By RADAR WINGET

NEW YORK.—(P)—Moderate selling chopped away at prices today in the Stock Market and forced an irregular decline.

Much of the weakness was centered in railroads and steels, but there was scarcely a major division that got out from under the fall.

The decline extended from fractions to around 2 points. The upside covered a similar range, but the gains were much smaller than the losses.

Profit-taking was regarded as the prime cause of the slide, together with early selling by those who wish to get out of the market entirely as a precaution over the three-day weekend for Independence Day.

The market in the past five days has advanced to five successive new 1952 highs that put the Associated Press average of 60 stocks at \$107.50, the highest point in more than 22 years.

In the face of such a sustained rise, the readjustment today was considered normal in Wall Street.

Douglas Aircraft was down around 2 points at times with other aircrafts fairly steady. Barber oil gained 2 in the midst of small gains and losses in the oil division.

Canadian Pacific, which has a

heavy interest in oil income, was quite active at times and fractionally higher.

Stocks losing ground included U. S. Steel, Chrysler, Atlantic Coast Line Railroad, Kennecott Copper, Allied Chemical, and Zenith Radio. Among gainers were Studebaker, Montgomery Ward, Kern County Land and Santa Fe.
